FinCom Has More Questions

The Finance Committee has responded to the comments of the selectmen a week ago on the Arkwright / Boston - Hewlett Packard Co. proposal in West Andover.

A week ago the selectmen answered the FinCom on several points relative to the proposed \$2½ million trunk sewer construction in West Andover to accommodate the proposed industrial development.

In the letter, the selectmen commented on FinCom requests for consideration in such matters as the acquisition rather than leasing of riverfront land, agreements with Lawrence as to the sewer connection to the city lines, and a FinCom request that they be included in any final vote of approval for the project.

At the joint meeting of the two boards over a week ago, Town Manager J. Maynard Austin outlined the economic picture of the proposed industrial

(Continued on Page Four)

\$100,000 To Convert Project

The Andover Housing Authority will be changing over the heating system for the Veterans Housing project off Morton street.

Now heated with oil, the entire project will be converted to gas, through the receipt of \$100,000 in improvement funds from the state housing authorities which authorized the change.

The change over, according to Chairman Thomas Eldred is expected to improve the overall system, through installation of thermostats in the individual units.

At present the heat is supplied from a central plant which feeds steam lines. The lines are buried and difficult to get at, should repairs be needed.

Thermostats are currently located in buildings rather than individual units, making an uneven distribution.

CHANGE OF COMMAND. Selectman Roger W. Collins, new chairman of the board of selectmen, extends appreciation to Robert A. Watters who retired Monday night as chairman. Selectman Watters will not seek re-election March 5.

Watters Retires As Chairman

Selectman Robert A. Watters, retiring at the completion of his term in three weeks, retired as chairman of the board Monday night, feeling that a continuing member should serve as head of the board in anticipation of town meeting.

Accepting the resignation with regret was Selectman Roger W. Collins, who was elected chairman, a promotion from his position as vice chairman the past year.

Retiring Chairman Watters, in announcing his decision, said he felt it in the interest of good government to step down since he felt the chairman should serve through the election and town meeting.

Selectman Collins stated he was sorry to see Mr. Watters stepping down, not just as chairman, but also leaving the board, noting that it was a loss to the town. The new chairman expressed his and the town's appreciation to Watters for his years of service.

The sentiments were echoed by Selectmen George E. Heseltine and Milton Greenberg, the latter asking that the record of the meeting show that the citizens of

Andover are indebted to Mr. Watters for his service. Selectman Alan F. French was not in attendance at the Monday night

session.

Selectman Greenberg was elected vice chairman of the board to succeed Collins.

St. Augustine's To Retain Junior High

St. Augustine's Parochial School will retain its seventh and eighth grades for next year, at least, while the parish sets up a permanent Education Board and a Finance Advisory Board to study the future.

This decision is seen with relief by those Roman Catholic parents desirous of parochial school education for their children through the eighth grade, and by public school administrators concerned over the possibility of more than 100 parochial school seventh and eighth graders being injected into the already crowded Andover junior high schools. The possibility was raised by the recent announcement of the withdrawal of Sisters of Notre Dame from teaching St.

Augustine's seventh and eighth grades, after this academic year. According to Sister Mary Rosalie, S.N.D. principal of St. Augustine's School, ad hoc committees were formed which studied the problem, met with public school administrators for information and discussion, and made their recommendations to the parish clergy.

Rev. Jerome Holland, O.S.A., pastor of St. Augustine's Parish, accepted the recommendations of ad hoc finance and education committees and announced in the parish bulletin this past weekend "our decision to re-confirm our commitment to St. Augustine's Parochial School, Grades k-8,

(Continued on Page Four)

Planners Bend A Little

The selectmen met with two boards Monday night in an effort toward reaching some sort of unity prior to town meeting on the West Andover Industrial development project.

Meeting initially with the planning board, considerable discussion centered around the riverfront property proposed for conservation use, with the planning board showing signs of nudging toward an easement, provided they could see the specifics of such an agreement.

Later with the industrial commission, the selectmen found themselves in conference with a receptive audience and both in agreement that considerable work must be done in the remaining weeks prior to town meeting.

As for the planning board, there were the indications that possibly an easement, as offered by Hewlett - Packard for the

NEW ELDERLY PROJECT. The Andover Housing Authority presented plans for the new senior citizen project off North Main street to the Planning Board Monday night. The 94 units, to be built on the former Curran estate will provide 78 standard units, eight for handicapped and eight for couples. The Housing

Authority is currently discussing the manner of heating, either gas or electricity with state housing authorities before final plans are drawn and construction schedules established for the \$1,600,000 project to be constructed on the five-acre site.

Friendship Day Observed

TELLING THE STORY of Juliette Low, the founder of the Girl Scouts, and the World Fellowship Fund are Joan Slade and Heidi Galper of Cadette Troop #67. Their talk was given during the Brownie International Friendship Day, as West Junior High School, Andover.

SPEAKERS FROM the American Field Service helped to celebrate the Brownie International Friendship Day. Pictured are Carrie Dunn of Troop 67, Bruce Klein, an AFS student from New Zealand, Lena Peurala, an AFS student from Sweden and Caroline Chapell of Troop 46. The ceremony was held at West Junior High School, Andover by the Shawsheen Valley Neighborhood of the Merrimack River Girl Scout Council.

In recognition of International Friendship Day, over 400 Brownie Girl Scouts from 26 troops in Andover and North Andover gathered Tuesday, Feb. 13, at 3:30 p.m. at the West Junior High School to hear American Field Service students Bruce Klein from New Zealand and Lena Peurala from Sweden give illustrated talks about their native countries.

The second and third grade Girl Scouts viewed an International Flag ceremony performed by Cadette Scouts of Troop 46, Andover and Troop 67 of North Andover.

Each Brownie troop contributed money collected from their girls for the Juliette

Low World Friendship Fund, named for the founder of Girl Scouting in the U.S.A., who saw the need for understanding among young people around the world as a big step towards eventual world peace.

Money collected for this fund supports World Centers in Mexico, England, Switzerland and India to which Girl Scouts from around the world can travel and get to know each other.

acreage along the riverfront, could be acceptable.

The issue involves ownership vs. control. Conservation Commission members, supported by the planning board, have insisted the town gain control of the land. Arkwright, or Hewlett - Packard, prospective developers have said they would agree to a conservation easement for the town.

Mrs. Margaret Keck, planning board chairman, told the selectmen that town meeting had indicated a desire to own river front acreage. She felt that whether the \$2½ million sewer line should be built should be tied to consideration of the town's desire for the conservation property.

Mrs. Keck said that it would depend considerably on what is in the easement granted by the developers as to whether it would be acceptable.

Mrs. Keck said that it was her recollection that at the time the town meeting was to consider the river front property as whole, the

conservation commission had discussed eminent domain proceedings but this was dropped and discussion revolved around easements.

Selectman Chairman Roger W. Collins asked if there was any specific reason for insisting on ownership of the property, if the town is supplied with a controllable easement by industry.

Planner David Erickson noted that the proposed easement provides a walkway and noted that with reclassification of the river, the area will become a possible public reservation, little would remain other than that which would be owned by Arkwright, under the present plan.

Planner Sheehy said the general philosophy is that river banks should be protected as much as possible from exploitation and ownership provides the cleanest way to public ownership of such land.

He agreed, however, that a restrictive easement could be all right, concurring with other members of the board on a desire to actually see a written

commitment from the industrial firm before passing judgement.

Mrs. Keck commented on the town bylaws which do not spell out such things as architectural design of industrial buildings and some landscaping procedures. Such things might be desirable, she noted, expressing a feeling that a little trading of desires could be accomplished with Arkwright.

Selectman Milton Greenberg said he was very interested in what was to happen to the remaining 400 acres of industrial land beyond the Hewlett - Packard development.

Greenberg said he felt the town's protection would be vested in the covenants to be worked out between Arkwright and H-P, both insistent on compatible development of an attractive industrial park.

Planner Stanley Saba reiterated the feeling that the town should seek the land in exchange for the sewer construction, noting that it is a bargaining point at this time, something the town will not have later.

As matters stand, after the Monday session, both boards

seem to be awaiting the written conservation easement to make a determination of acceptance.

An article remains in the town meeting warrant asking the town to approve acquisition of the property by eminent domain. The 1971 town meeting approved \$100,000 for acquisition of river front land and the conservation commission has an \$85,000 balance in that account.

St. Augustine's

(Continued from Page One)

and to continue to expand the present CCD (Confraternity of Christian Doctrine) program." He warned that an increase in tuition from parents and in weekly contributions from the parish at large was necessary to support the seventh and eighth grades next year. The school will need to hire lay teachers when the sisters withdraw from these grades next year.

A broadly based permanent Education Board and Finance Advisory Board will be set up, Father Holland announced, to concern themselves with parish education at all levels. Sister Mary Rosalie, principal of St. Augustine's School, explains that this includes CCD and adult education as well as parochial school education.

"It is beyond questioning that the education offered by St. Augustine's School is of high level and good quality," Father Holland's announcement states.

"What is not beyond questioning is whether St. Augustine's Parish Community is willing to make the effort to maintain this kind of school and expand the CCD program. If any community can do it, our community can. We are confident that in the year to come this parish community will give substance to our high hopes.

Sister Mary Rosalie indicated to the TOWNSMAN that there is particular interest at St. Augustine's in the Andover public school system's consideration of a middle school arrangement for its fifth or sixth through eighth graders; a public middle school and a parochial K-8 school would both end after the eighth grade, in that case, and public high school would start with the ninth grade.

FinCom

(Continued from Page One)

development and the financial return to the town.

In their latest response to the selectmen, the FinCom would like the manager to present figures based on a four percent increase in the tax rate through 1980, rather than the six percent guideline he used.

Other matters again cover the FinCom inclusion on voting on final plans and further comments on the agreement with the city of Lawrence with regard to the sewer line.

Too, the FinCom asks for covenants to be made prior to town meeting between Arkwright and Hewlett - Packard, a request that the industrial developer pay Andover's share of the cost of River Road widening.

In the letter to the selectmen, FinCom Chairman Francis J. Byrne, notes that the response represents a consensus position of his board, and asks for comments and recommendations on the following:

1. Further data is necessary from the Town Manager as regards the viability and economic prudence of the project. The Finance Committee would like to know the impact on the projects' return to the Town, if there should be less than an \$80.00 tax rate in 1980. It is necessary for us to know how and when the project would show a financial return to the Town, if the tax rate was projected at a 4 percent increase annually, instead of the 6 percent increase reported in the news media.

2. A 2/3 vote of the entire Board of Selectmen should be required before approval is given to the project for both the

planning phase and the construction phase, as well as a majority vote of the Finance Committee.

3. An agreement with the City of Lawrence before Town Meeting is a must. However, this agreement should not cost the town any money beyond the actual cost of planning and building the sewer. Lawrence should show a spirit of "good faith and cooperation" by paying all easements, inspection and maintenance costs on that portion of the sewer line within the Lawrence city limits. Moreover, no other project, such as a "Lawrence Connector Road" should be allowed to become an agreed upon stipulation by Andover, in order to secure this agreement.

4. An agreement between Arkwright - Boston / Hewlett - Packard should be executed prior to Town Meeting, and this agreement (including covenants for the remainder of the Arkwright - Boston land) should be made public before or at Town Meeting.

5. There should be a commitment of good faith on the part of Arkwright - Boston to pay Andover's share of the cost of widening River Road under Chapter 90.

6. Arkwright - Boston should state in writing their willingness to "provide gratis" to the Town of Andover any land required to provide facilities and/or services to them or their tenants or leasees.

7. The Arkwright - Boston Company shall deed to the Town of Andover the strip of land along the river for which the Town currently is seeking a conservation easement or the Selectmen shall recommend to Town Meeting approval of the "eminent domain" article of the Conservation Commission.

8. If the sewerage connector is constructed, Arkwright - Boston shall pay betterments at a rate no more favorable to them than any other Andover taxpayer.

To Drop Article

Town Manager J. Maynard Austin reported to the selectmen Monday night that an article in the town meeting requesting the establishment of a full time assistant building inspector will be withdrawn.

Austin said that in conferring with Building Inspector Arthur Peatman and planning board members, he felt that the position could be reviewed and submitted for consideration at a later date, possibly for consideration at the October town meeting.

The 16th Amendment authorizing income tax adopted, Feb. 25, 1913.

Knights Force Showdown

By Bill Lafond

The East-West League playoff game at either Hamilton-Wenham or Ipswich, depending on who wins the East and the State Tournament is right around the corner for the Knights. They are going for their second straight Cape Ann League Championship and 30 straight league wins in over two years.

The Knights have a record of 15-1 overall, 13-0 in the league. As a team, they are averaging 77 points per game, holding the opposition to 46-9. Bill LaBelle leads the Knights in scoring, averaging 22 points per game, while Andy Breen (15), Dave Leach (12) and Will Uttley (11) all are averaging in double figures. Dick Licare leads the team in assists with LaBelle and Uttley not too far behind, while Leach (15.8) and Breen (14.1) hold the boards in rebounding. What a balanced attack, as Bill St. Cyr, Don Brasseur, Willie Carter, Jerome Gordon, Kevin Smith, Tom Enright, and Brian Smith get their share of points, assists, and rebounds. The team broke an unofficial state record a while ago by grabbing 91 team rebounds.

The league showdown on Friday night, February 23 at the East winners home court (Hamilton-Wenham or Ipswich) should be a thriller.

Just looking at the scores of the previous games during the season can make you imagine. On January 26 at Ipswich, the Knights won 40-35 and on January 30 it was 67-61 over Hamilton-Wenham at the Knights gym. Both of these teams are Veteran clubs. They will be very tough to beat, especially on their court, but knowing Coach Bob Licare, they can do it.

The Knights will then step into

Andy Breen

the State Tourney and will be facing even more tough

competition in such teams as Swampscott (whom the Knights had beaten earlier 83-71,

Winthrop, Stoneham, Etc. When the State Tourney begins, it starts a whole new

season for the Knights and a whole new win streak for them to hold.

Students Plan For Vacation

Next week is winter vacation week for the Andover public schools. Students have a variety of

recreational programs open to them, with roller skating, ice skating, chess tournaments, a movie, a Wednesday evening elementary gym meet, and daily supervised open gyms offered by the Recreation - Open Schools, while the Andover YMCA offers its own week-long winter vacation program for youngsters on vacation who are staying in Andover.

Some are going abroad! Two groups of Andover High School students are leaving Boston Friday night to spend the week in France, one group in Paris, the other down in a corner of France within skiing distance of Switzerland and Italy.

Peter Prince, modern language department head, will lead a group of 11 French students to Paris for a week of sightseeing. The Hotel Moderne Palace, near the Place de la Republique, will be their headquarters. Prince has arranged for a tour of modern Paris on Sunday, a tour of the historical monuments of Paris on Monday. Tuesday will take the group to Versailles, leaving Wednesday, Thursday and Friday open for optional tours to Chartres, Fontainebleau or some of the French chateau country.

Those who prefer to stay in Paris can go back with their French teacher to the places they visited on the tour which they want to enjoy in more leisure, and have time for French cinema, shopping and individual sightseeing. Prince plans to take the whole group to at least one day.

Students headed for Paris with Peter Prince are Audrey Delduca, Susan Dube, Pat Eckfeldt, Richard Erler, Thomas Lapointe, Kathleen McLellan, Gayle Nardon, Gregory Obermier, Shannon Larson and Nancy Maloney.

James Carroll, meanwhile, will lead 21 students with seven adult chaperones, on a Study Activity Center skiing and sightseeing trip to Chamonix, under Recreation Department auspices.

This group will fly to Geneva and proceed to Chamonix, where they will be housed in a large chalet in the middle of town. Besides the skiing package, there will be a three day side trip to Paris and a day-long trip to nearby Italy for those who came not to ski, but to "try out another world."

Carroll says the Chamonix trip was organized almost entirely by

two students, Junior Peter Fuller and Senior Kim Myers, who began planning it in the fall. They negotiated with several airlines to get the best bargain package to fit the needs of the group committed to the trip. "It just shows that one or two people who mean business can get things going," Carroll commented. Besides Carroll, his wife and brother-in-law, the adult group includes a nurse, with her husband, handy for skiing accidents and bruises, and three high school teachers, Pat Prentice and Marnie Pritchard, of the girls physical education and gymnastics programs, and Brad Lawson.

Besides the student organizers, students on the Chamonix skiing trip include: Karen Ahern, Beth Anderson, Brian Bartlett, Leigh Cleveland, Meredith Dee, Philip Duffy, Andrea Eldred, Barbara Ellis, Ann Eulie, Cynthia Freije, Laureen Bezancon, Elizabeth Ann Jacobs, Carol Rourke, Frank Sherman, Nancy Thompson, Charlie Smith, Steve Bradford, Peter Fuller, Debbie Fury, Charles Garabedian, Kim Gower, Kathy Hamilton, Kathy Hartford, Judith Holihan, Robert Holt, Patricia Kearn, Kim Loehr, Ann Madensky and Jim Murphy.

Meanwhile, the whole question of one week of school vacation in March, and an earlier June closing, versus two weeks of vacation, one in February and one in April, was raised once again at school committee meeting. Dr. Richard Katz read a letter from Mrs. Thomas Lamson at the last regular meeting. Mrs. Lamson said she had voted for the two weeks of vacation last spring when "a long confusing poll" was circulated, during the school's one-year trial of the March spring vacation. Now she would like a chance to reconsider. Dr. Katz, who will retire in March from the school committee, moved that another poll be taken after school is out in June. His motion carried with support from Dr. Frank Griggs and William Lane, with Committeeman Frank Hill opposed.

On Dean's List

William Earley, a history major, son of Mr. and Mrs. William Earley, 12 Cedar Road, Andover, has been named to the Dean's list at St. Anselm's College, Manchester, N.H. where he is a senior, for the first semester.

West Seeks Grandparent Power

THE TOWNSMAN, FEBRUARY 15, 1973

The West Elementary School is looking for grandparent-aged volunteers to fill a need in children's education.

The Andover Recreation / Community Schools office will act as a funnel of grandparent

power, arranging convenient hours, and providing transportation when necessary, for older people willing to add their special dimension to education at West Elementary School.

The social science inquiry

method at West has showed up a phenomenon typical of suburban communities which have expanded for the last 25 years according to Mrs. Peg Calderwood, Primary Unit Coordinator at West. Many children at West

simply do not have grandparents living near them who can tell them what Andover was like 40 or 50 years ago, or any older friend who can tell them about families owning horses and carriages instead of cars, or about different ways life as lived before many of the modern conveniences small children tend to think were always with us.

"The children love to listen to stories, and see snapshots of what it was like then," Mrs. Calderwood says, and this storytelling would add an important dimension to the social studies at West.

So West Elementary School is asking older men and women to volunteer in the school program as substitute grandparents, to enrich small children's lives with their experience and stories, to listen to a child read, perhaps read a story or a word problem to a small child who needs or wants that information, but cannot master the words yet.

Other ways that older Andover citizens could help are in the school activity clubs which children will be rejoining in March or April. These include knitting, crocheting, woodworking, chess, collecting stamps or other interests, where a grandparent - aged person would be an asset.

Older persons may get information about this program, and volunteer their services, by calling the Andover Recreation Office, 475-5045, which is organizing the volunteer help and arranging hours and transportation.

Classes scheduled to meet at locations other than the two YMCA facilities will follow the pattern of the Andover building and will not meet.

All programs scheduled to start from 3:30 p.m. on any day will be conducted as usual. The few exceptions to these basic patterns will necessitate notifications being sent to all enrollees. Specifically it should be noted that all ice skating classes for next week are cancelled and all swimming classes will meet as scheduled.

On the legal holiday, Monday, Feb. 19, no YMCA courses will be conducted and both buildings will be closed.

Hoop Slate Saturday

This Saturday from 1-2 p.m. the 8 year old group of the Andover - North Andover Boys' Basketball League program will meet for the last time this season at the Andover "Y" gym on Brook St. Parents may attend and witness the final informal scrimmage of the year.

At 2 p.m. at the same gym the Tigers meet the Cougars in a YMCA Pee Wee Basketball League Play-off, followed at 2:45 p.m. by a Free Throw Contest for Pee Wee players (note change in time).

This Saturday at the Greater Lawrence Regional Vocational Technical High School gym the YMCA Intermediate League has a heavy schedule, but the YMCA Junior League will be completely idle on this day. Intermediate games are scheduled as follows: 1:30 p.m. Bullets vs Bucks and Celtics vs Knicks; 2:15 p.m. Trailblazers vs Hawks. Also, starting at 2:15 p.m. the Intermediate players will participate in an "Around the World" contest.

YMCA Basketball action will wind up on the following Saturday, Feb. 24, with all action at the Tech gym. Featured will be any remaining play-off games, All-star games and an award presentation program.

On Dean's List

Kenneth C. Forrest, 23 Chandler Road, Andover, has earned Dean's list status at the University of Vermont, Burlington, Vt., for the fall semester.

Bridge Club Activities

Andover

The Andover Duplicate Bridge Club will hold a regular session Thursday at 7:30 p.m. in the cafeteria of Andover's West Elementary School. Winners last week were:

North - South

1. Tom Puglisi - Allan Temple
2. Mr. and Mrs. Bennet Kublin
3. Lee Weiner - Corinne Hawes
4. Arthur Shahian - Ed Minnich

East - West

1. Lucille Spaney - Penny Locke
2. Allan Carlson - Howard Langlois
3. Mr. and Mrs. William Moore
4. Pat Peterson - Merrell Anderson

Greenleaf

The Greenleaf Duplicate Bridge Club will hold a regular duplicate session at 10 a.m. Thursday at the South Church in Andover. On Feb. 22, and on the last Thursday of every month,

the club will hold a separate novice game for people interested in beginning duplicate bridge. It will be held at the same time and place as the regular game and there will be 15 minutes of discussion on duplicate bridge at the beginning of the session. For any further information call: Gloria Gottesfeld or Ann Reynolds. Winners at last week's game were:

1. Rita Fionte - Corinne Hawes
2. Nan Metcalf - Joan Prager
3. Ann Reynolds - Pat Peterson
4. Barbara Buckley - Eleanor Sloan
5. Ilene Tatelman - Ethel Nicholson
6. Etta Podrachik - Joe Calta

North Andover

At last week's meeting of the North Andover Duplicate Bridge club, the results were: Joseph Cinalli and Norm Ellis, first; Shirley and Jack Crawley, second; William Cuddy and Alice Batterbury, third; Lillian Barston and Beatrice Silverman, fourth; Arlene and Tom Casale, fifth.

The group meets every Wednesday at 7:15 p.m. at

Camelot.

Winners of the highest cumulative score over a period of eight weeks were: Father Gino Gialdini, Dick Grady and Joseph Cinalli.

Metcalf In Recital At Academy

Piano students of Albion Metcalf will give a recital on Sunday, Feb. 18, at 2:30 p.m. in Kemper Auditorium.

Works of Beethoven will be played by A. Roelof Bertsch, '74, and Matthew M. Van Atta, '75. Two day students from Andover, William H. Cunliffe V, '74, and Mark C. Johnson, '73, will perform works of Chopin and Schumann. Works of Haydn, Schubert and Debussy will be performed by Anthony R. Masiello '74, from Everett, and J. Michael Bostwick, '74, from East Falmouth. David L. Ellison, '76, from Albany will play Chopin, and Steven N. Jones, '73,

from Texarkana, Texas, will play Bach and Chopin.

The public is invited to attend,

and there is no charge for admission.

We're No. 1

Last year we outsold every other Datsun dealer in Massachusetts! And we were second in all of New England. That's pretty good when you consider we have been in business for only two years. Our customers came to us from over 91 cities and towns throughout the State . . . some from as far away as Falmouth, Attleboro and Pittsfield. Obviously, we're doing a lot more for Datsun customers than any other dealer in Massachusetts. Why not come in next Monday, Washington's Birthday, and see for yourself.

PTO Council Approves Of Project

The Andover PTO Advisory Committee of its unanimous approval of the warrant article

for renovation of the Doherty and Shawsheen Schools at March Town Meeting.

A letter from PTO Council President Mrs. Suzanne Stephens to School Committee Chairman William King noted that the council felt that consideration of the two schools as a single issue was a proper, system approach.

"The past year has brought new faces to this Advisory Council. Consequently, the issue was raised at our meeting of Feb. 5, 1973, as to whether the Council still supported the renovation project. The motion once again this year received unanimous support."

Enactment of the McNamare-O'Hara Service Contract Act on October 22, 1965, provided wage standards for employees performing work on Federal service contracts.

TRAVEL IN SPACE.

INTRODUCING THE 1973 VOLKSWAGEN WAGONS.

Most people think of Volkswagens as tiny, bug-like cars.

Most people couldn't be more wrong. Take our Station Wagon. (And 9 people could.)

It's got almost twice as much space as most wagons. 176 cubic feet to be exact.

Too big? The VW 412 wagon seats 4 people plus its 2 trunks add up to 38.1 cubic feet of space. And there's an additional 24 cu. ft. when the back seats are down.

Still too big? Try our Squareback.

It has about 50% more carrying space than the largest sedan.

And you get an extra 17.7 cubic feet by lowering the back seats.

So if you're looking for roominess, look into a Volkswagen.

You won't find a larger selection of space vehicles.

Or more down-to-earth prices.

Few things in life work as well as a Volkswagen.

There is a Covered Wagon Round-Up all this month at Park-Hegarty Volkswagen, Inc.
Stop in during the month of February and check the Wagon Train.

Kindergarten Registration At Bancroft

The Bancroft Elementary School has begun registering Kindergarten children for the 1973-74 school year. Any child who lives in the Bancroft area and who will be five years old on or before Jan. 1, 1974, is eligible to be registered.

In the spring, a pre-kindergarten program will be offered to these children. All

children who have been registered for kindergarten will be invited to attend.

Registration may be initiated by calling the Bancroft School office on any weekday.

The Concentrated Employment Program (CEP), funded by the U.S. Department of Labor, provides, in one program, all manpower and related services to the areas and people most in need. At one stop, the worker can receive counseling, basic education, training and other services needed to get and hold a job.

Michelin X M+S Radial Snow Tires make tracks where ordinary snow tires fear to tread. Their unique radial construction and flexible steel belt put more tread on the road for sure traction and safe stops! You owe yourself that extra margin of security that Michelin X M+S Radial Snow Tires give you. See them today. Michelin X M+S the ultimate in radial snow tires! Dana's Vs. Strobes For Title

In the Andover 30 and over 33 Division had a play game between the Dana's Sweepers with Dana's eking a 38-36 victory.

Dana's will now play Strobes in the next game to determine the second-half champion. The playoff came as a result of all three teams ending in a tie in the last regular season game of the second-half season. The winner of this week's Dana's VS. Strobes game will meet first-half season Champions Sweepers for the overall championship.

In Dana's victory they took an 8-4 first quarter lead as the teams started slow. Sweepers outscored Dana's in the second quarter to take a lead at the half 16-14, but Dana came back in the third quarter with a 13-9 bulge and 27-25 after three quarters. Both teams exchanged the lead in the fourth quarter several times as Dana scored 11 points but the point lead entering the quarter was the margin of victory. Dana's was led by Capt. Caiati with 14 points as W. Galvin tossed in 8 points, Gilbert and John Leeman 7 points each and Dennis Hughes 2 points.

For the Sweepers, leading scorer Fred Serley game honors with 17 points as Ken Schenk tossed in 10 points, Dick Stevens 5 points and M. Solomon and Capt. Milt Beau each with 2 clutch points. Strobes kept pace with a pasting of the Pick-Ups as Waitkus and Frank Griggs canned 12 points, Joe Car and Bob Marcotte flipped points each, Lloyd Belb points, Capt. Richard Marcia points and Ed Annick and Ronan 2 points each. For Pickups Bob Cratty swished points through the nets, Kramer 5 points, Dave Fra points, Capt. Jim Caseld points and Wally Charew points.

In the 19-32 Division, Hornets clobbered AIB 75-5. Jim Early banked in 23 points, Dick McAnearn zinged in points, Capt. George Saalfra points, Lew Jones 10 points, Jungek 8 points Jim Thomp points. For AIB Hank scores points, Ron Regis 10 points, Regis 8 points, Myhal 6 points, Douvros 4 points, and De points. In the final game Embassy advanced their record to 13-1 as they zoomed by Drivers 53-34 as Capt. Don S hit for 21 points, Noony Co 14 points, Wally Garding points and Tom Andrev points. For the Drivers Bill had 17 points, Ron Booth points, Joe Wishcamper 6 points and Capt. George Brou points.

The following players made the All-Star teams in respective Divisions. In t

Dana's Vs. Strobes For Title

In the Andover 30 and over Basketball league this week the over 33 Division had a playoff game between the Dana's and Sweepers with Dana's taking out a 38-36 victory.

Dana's will now play the Strobes in the next game to determine the second-half champion. The playoff came as a result of all three teams ending in a tie in the last regular season game of the second-half season. The winner of this week's Dana's VS. Strobes game will meet the first-half season Champion Sweepers for the overall championship.

In Dana's victory they took an 8-4 first quarter lead as both teams started slow. The Sweepers outscored Dana's 12-6 in the second quarter to take the lead at the half 16-14, but Dana's came back in the third quarter with a 13-9 bulge and 27-25 lead after three quarters. Both teams exchanged the lead in the fourth quarter several times as each team scored 11 points but the 2 point lead entering the quarter was the margin of victory. Dana's was led by Capt. Vito Caiati with 14 points as Wally Galvin tossed in 8 points, Les Gilbert and John Leeman 7 points each and Dennis Hughes 2 points.

For the Sweepers, league-leading scorer Fred Serley took game honors with 17 points while Ken Schenk tossed in 10 points, Dick Stevens 5 points and Marty Solomon and Capt. Milt Beaudine each with 2 clutch points. The Strobes kept pace with a 53-27 pasting of the Pick-Ups as John Waitkus and Frank Griggs each canned 12 points, Joe Carbone and Bob Marcotte flipped in 8 points each, Lloyd Belbin 5 points, Capt. Richard Marciano 4 points and Ed Annick and John Ronan 2 points each. For the Pickups Bob Cratty swished 13 points through the nets, Don Kramer 5 points, Dave Franck 4 points, Capt. Jim Caselden 3 points and Wally Charewicz 2 points.

In the 19-32 Division, the Hornets clobbered AIB 75-54 as Jim Early banked in 23 points, Dick McAnearn zinged in 20 points, Capt. George Saalfrank 12 points, Lew Jones 10 points, John Jungck 8 points Jim Thompson 2 points. For AIB Hank scored 20 points, Ron Regis 10 points, Bob Regis 8 points, Myhal 6 points, Douvros 4 points, and Dean 2 points. In the final game the Embassy advanced their record to 13-1 as they zoomed by the Drivers 53-34 as Capt. Don Strong hit for 21 points, Noony Costello 14 points, Wally Gardiner 12 points and Tom Andrews 4 points. For the Drivers Bill Alsop had 17 points, Ron Boothby 8 points, Joe Wishcamper 6 points, and Capt. George Brouder 3 points.

The following players have made the All-Star teams in their respective Divisions. In the 33

and Over Division - Sweepers - Fred Serley, Ken Schenk, Richard Stevens. Dana's - Vito Caiati, Les Gilbert, Dennis Hughes. Strobes - Joe Carbone, Robert Marcotte, John Waitkus. Pick-Ups - Bob Cratty, Don Kramer, Jim Caselden. In the 19-32 Division - Jack Swift, Don Strong, Paul Twomey. Panthers - Frank Monette, Alan Kenney, Mark McGuire. Hornets - Jim Earley, John Jungck. Drivers - Bill Alsop, Jim Gallagher, George Brouder.

Vacation Camp Is Scheduled

A few openings are available for the Andover - North Andover YMCA Vacation Camp to be conducted Tuesday through

Friday next week, Feb. 20-23, the Andover school vacation period.

The program will be centered in the Andover YMCA facility with the group of boys and girls, 8-12 years of age, meeting daily from 9 a.m. - 3:30 p.m. They will bring a noon day lunch and milk will be supplied. YMCA Physical Director Walter J. Kimball, Sr. will direct the program assisted by a staff of "Y" leaders. A varied program will feature several splash parties, ice skating and roller skating, bowling, gym and lobby activities, crafts and movies.

On Dean's List

Thomas M. Hajj, son of Mr. and Mrs. Thomas Hajj, 79 High St., has been placed on the Dean's list at Salem State College, because of his high academic performance in the first semester. Hajj is a sophomore at the Salem college.

Manpower Development and Training (MDTA) Programs, funded by the Manpower Administration of the U.S. Department of Labor, help the unemployed gain new skills and the underemployed upgrade their skills.

Anton's CLEANERS

By Rick Harrison
It was three up and three down for the high-flying Andover Bantam 'A' hockey sextet last weekend.

The red-hot local skaters bowled over three opponents to lift their overall record to 11-6-0, and Coach Dick Neal's crew has now captured 11 of its last 13 starts.

The team, which embarks for its annual week-long Canadian trip this Sunday, coasted to successive victories over

Springfield (10-2), Manchester, N.H. (7-1) and Brunswick, Maine (5-2).

Pony Line stalwart Thom Lawler powered the triumph against previously-undefeated Springfield, scoring once in each period for a three-goal "hat trick."

Rich Daly and Tim Tanner pocketed two goals apiece for the local sextet, which led 2-1 after one period and 5-1 at the end of two 15-minute stanzas.

Chuck Redman shot Andover into a 1-0 lead at 8:48 of the first period, notching his seventh goal with assists to Bill Best and Lee Apgar.

Two minutes later Lawler converted after a set-up pass by Mark Farnham, but Springfield retaliated at 12:06 to cut the deficit to 2-1.

Tanner nestled his eighth and ninth seasonal goals into the Springfield cage at 5:24 and 12:12 of the second period. Lawler sandwiched his second red-lighter of the night in-between at 10:47.

John Fabiani, Farnham, Jim Watson and Daly helped out on the three goals.

Andover continued to pour it on during the final session. Daly made it 6-1 at 0:51 with Fabiani and Watson drawing assists. Sparky Farnham extended the lead to 7-1 at 3:09, dumping home his 13th goal with a helping hand from linemate Alan Kurth.

Lawler completed his hat trick the hard way, depositing a short-handed goal at 6:34. Kurth and Watson assisted.

Springfield momentarily interrupted the Andover barrage at 9:55, but Bill Best's first goal at 10:38 and No. 11 for Daly at 11:58 put the local entry into double figures.

Lawler and Kurth registered assists on Best's lamplighter, while Fabiani and Tanner set up Daly.

Brian Twomey and Jeff Hubbell shared the goaltending duties.

Andover 7, Manchester 1 - Thom Lawler was on fire once again, collecting his second hat trick in two nights.

The son of Merrimack College varsity skipper J. Thom Lawler personally saw to it that Andover took a 2-0 lead right away, scoring at 2:21 and 7:36 of the opening stanza.

Paul Derby and Capt. Alan Kurth assisted on the initial goal, while Farnham and Watson recorded helpers on the second tally.

Manchester slipped the puck behind Andover netminder Jeff Hubbell at 8:05 to cut the lead in half, but John Fabiani (his fifth) got that one back at 11:05 for a 3-1 spread.

Tim Tanner and Rich Daly spaced goals 59 seconds apart early in the second period, and then Lawler's 18th seasonal goal in 17 games at 9:29 gave the home team a 6-1 spread.

Daly, Watson, Fabiani, Kurth and Farnham garnered solo assists in the period.

Watson and Kurth combined for the last Andover tally at 8:14 of the third period. Rear-guard

Watson was credited with his second goal of the year, as his blue-line shot deflected home off a Manchester defenseman parked in front of the net.

Andover 5, Brunswick 2 - Andover journeyed to Bowdoin College, and rode the spectacular goaltending of Brian Twomey and the eagle-eye shooting of Chuck Redman to victory.

Tim Tanner broke a scoreless deadlock at 10:40 of the first frame, chalking up his 11th seasonal goal with assists to John Fabiani and Rich Daly.

Redman, who was to hammer home three goals in the game, popped in the first two at 2:26 and 8:42 of the second canto. Farnham and Lee Apgar assisted on the first marker, while Moody helped out on the second.

Sparky Farnham pocketed an unassisted, shorthanded goal at 9:40. His "shot" from behind the Brunswick net deflected in off one of the losers' players. It was Farnham's 14th red-lighter.

Brunswick then lit the scoreboard twice to make it 4-2, but Redman provided some extra breathing room with his 10th goal just 32 seconds after the Maine team had made it tight.

John Lyons and Lee Apgar assisted on Andover's final tally. Andover moved back into action last night at Merrimack's Peter Volpe complex, hosting the Melrose Flyers in a prelim to the Merrimack - Williams game.

Tomorrow night at 6 p.m. Andover battles Worcester at Merrimack, and Saturday evening at Phillips Academy the team will meet an un-named opponent. Princeton, N.J. cancelled out and Neal has been scouting around for a team to fill the gap.

A pretty heavy itinerary has been lined up for the Andover club during its eight-day junket to Canada. The trip will be educational as well as recreational.

Ice Follies Trip Set

The Andover - North Andover YMCA is conducting a trip to the Ice Follies at the Boston Garden during the Andover school vacation week. The group will leave the Andover "Y" facility on Brook St. at 11:45 a.m. on Thursday, Feb. 22 and will return to the "Y" at about 5 p.m.

YMCA Physical Director Walter J. Kimball, Sr. will be in charge of the group. Boys and girls 8-12 years of age may still register at the YMCA in Andover for the few remaining openings. Excellent seats have been reserved. Children who are less than 8 years of age but are in kindergarten or above will also be welcome provided a parent also makes a reservation.

On Dean's List

Mary Lyman, daughter of Mrs. Lois M. Lyman, 58 Chandler Road, Andover, has been named to the Dean's list for the fall semester at Dickinson College, Carlisle, Penn.

AWARD RECIPIENTS. Stephen Noyes and Douglas Dube of Cub Pack 77 receive awards from Dick Schupe during annual Blue and Gold dinner at the vocational school this past week.

Awards Presented At Banquet

February is national Cub Scout month and on Tuesday evening, Feb. 6 it was appropriately celebrated by more than 200 Cubs, parents and friends from Pack 77, West Parish church when they gathered at the Greater Lawrence Regional Vocational Technical High School for the annual Blue and Gold Banquet.

The opening ceremony was conducted by the Webelos, led by Karl Reinker. Cubmaster Richard Shupe introduced Scoutmasters Dean Rasmussen, Harold Tynning and Robert Matthews of Scout Troop 77 following which he and Webelo Leader Richard McDaniel

presented Wolf badges to 16 Cubs and Wolf Gold and Silver Arrows to 5 boys. Bear Rank was achieved by 4 boys and 2 earned Gold Arrows. Interspersed between the awards were skits presented by Bear Dens 1 and 2 and Wolf Dens 1 and 2. Following the Webelo achievement awards Wolf Dens 3 and 4 and the Webelos presented their skits.

Arrow of Light awards and Scout presentations were made by Harold Tynning and Robert Matthews.

The evening closed with the Scoutmaster benediction and taps.

The following awards were made:
Wolf Badges: Stephen Kilmain, George Dalrymple, Jeff Globus, John M. Olesen, Wayne Diaz, Charles Garabedian, Gregory Santuccio, Christopher Valcourt, Andrew Shagoury, Roger Henderson, Glenn Obermeier, Scott Brightman, David Levin, Mark Edgar, Stephen Higgins and John Rogers.

Silver and Gold Arrows: Stephen Kilmain, Gold Arrow; Mark Edgar, 2 Silver and 1 Gold Arrow; Greg McDaniel, 5 Silver

Arrows; Barry Lemieux, 4 Silver Arrows; John Rogers, 3 Silver and 1 Gold Arrow.

Bear Badges: Stephen Noyes, Brian Lafferty, Michael Fleider and Douglas Dube.

Gold Arrows: Stephen Noyes and Douglas Dube.

Webelo Awards went to: Chris McDaniel, Craftsman, Scientist, Citizen; Karl Reinker; Citizen, Craftsman, Geologist, Scientist, Naturalist and Forester; Michael Curley; Scientist, Citizen, Sportsman, Geologist; Richard Lansdowne, Athlete; Fred Furnari, Athlete and Geologist; Jay Marciano, Outdoorsman, Citizen; Barry Newland, Traveler, Sportsman; Joseph Veillieux, Naturalist, Artist, Citizen; Scott Shupe, Scientist, Traveler, Artist, Athlete, Scholar and Craftsman; Richard Eisenberg, Artist, Athlete; Mark Davideit, Aquanaut.

Arrow of Light Awards: Chris McDaniel, Michael Curley, Karl Reinker and James Burgess.

Those graduating to Scout Troop 77 and receiving the scout badges: Chris McDaniel, Karl Reinker and Michael Curley.

Registration Opens At St. Robert's

St. Robert's Country Day School, Haggett's Pond Road, West Andover is now accepting applications for registration in September, 1973 classes.

St. Robert's, a co-operative Nursery and Kindergarten school holds classes on Wednesdays, Thursdays and Fridays from 9-11:30 a.m. in the Church classrooms.

Registration applications and information may be obtained by calling the school's Registrar, Mrs. Roger Damphousse.

Dates for registration are as follows:

Parishioners - from Feb. 12-18, Non-Parishioners - from Feb. 19 until all classes are filled.

The Nursery class of twenty pupils will be taught by Mrs. Werner Anderson, assisted by

Mrs. Paul Convey.

The Kindergarten classes also of 20 pupils, are taught by Mrs. Martin Dispensa and Mrs. Harold O. Keegan, the school director.

Grace Named Controller

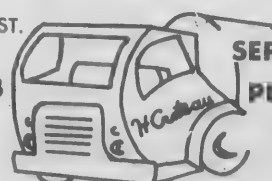

Donald J. Grace has been appointed Controller of Beatrice Chemical, a Division of Beatrice Foods Co. He is responsible for the financial administration of Beatrice Chemical, both domestic and international, and is located at Beatrice Chemical's headquarters in Wilmington.

Prior to joining Beatrice, Grace was Controller of the Fiber and Textile Division Uniroyal. He is a graduate of Loyola University, Chicago, with a degree in Business and Accounting, and did graduate work at both Northwestern University and university of Detroit.

By Carrie Smotrich

This past Sunday, Andover West hosted a combined Bradford / North Andover team at Bradford Ski Area. In spite of bone chilling weather there was an extremely good turnout of parents and racers. After a fought meet on man-made snow the score was Bradford / North Andover, 159, Andover West, 150.

The course was set by Moody and Ted Sutton at Bradford Ski Area. The race were started by Bud Eaton, Coombes and Harry Me Timers were Tom Heislein, Ted Sutton, with recording Carrie Smotrich and Al Ret Arthur Jowett did an outstanding job in calculating final position and team scores. The effort of the young skiers were recorded on movie film by Ed Hostetter. The Andover scoring by division was as follows:

Girls 8 and Under - The place ribbon was earned by Hostetter.

Boys 8 and Under - Team points were earned by Retelle and Eddy McEvoy.

Girls 9, 10 and 11 - Second place was captured by Julie Retelle and 5th place by Carrie Smotrich. Team points were earned by Karen Landy, P Moynihan and Wendy Trull.

Eaton Has Big Day For Wings

Bill Eaton had a big day, as Redwings won their third game in four weeks, with a goal two assists in the Sunday morning intramural hockey league. Colin Callahan and Keller had the other Redwings goals in the 3 to 0 victory over Bruins, and Dave Narbonne chipped in with two assists. The game knocked the Bruins out of tie for second place and put Redwings in a contention position for the three remaining weeks of the league.

The big game between Seals and Sabres for first place ended in a 1-1 tie, with Morton scoring first for league leading Sabres on a goal from Tim Bull. Steve Doherty scored shortly afterward with assist from Russ Serbagi to tie the game. The Blackhawks climbed out of last place over Northstars (1-0) on Stamas's conversion of a Chiklis pass.

The standings now find Sabres in first place with points followed by the Seals, 9, the Bruins with 8, and Redwings with 7. This week's games at the P.A. rink are Redwings vs. the Northstars 5:45 a.m., the Bruins vs. Sabres at 6:45 a.m. and the Seals and Blackhawks at 8.

Registration

The Doherty School now accepting kindergarten registrations for next fall. I have a child who will be years old by Jan. 1, 1974, and in the Doherty school district please call the school office before March 1.

A kindergarten orientation course will be offered in the spring to all children registered for kindergarten.

Buddy Werner League Notes

By Carrie Smotrich

This past Sunday, Andover West hosted a combined Bradford / North Andover team at the Bradford Ski Area. In spite of bone chilling weather there was an extremely good turnout of parents and racers. After a hard fought meet on man-made snow, the score was Bradford / North Andover, 159, Andover West, 116.

The course was set by John Moody and Ted Sutton of Bradford Ski Area. The racers were started by Bud Eaton, Dick Coombes and Harry Mellet. Timers were Tom Heislein and Ted Sutton, with recording by Carrie Smotrich and Al Retelle. Arthur Jowett did an outstanding job in calculating final positions and team scores. The efforts of the young skiers were recorded on movie film by Ed Hostetter. The Andover scoring by divisions was as follows:

Girls 8 and Under - The first place ribbon was earned by Amy Hostetter.

Boys 8 and Under - Team points were earned by Robbie Retelle and Eddy McEvoy.

Girls 9, 10 and 11 - Second place was captured by Julie Retelle and 5th place by Carrie Smotrich. Team points were earned by Karen Landy, Patty Moynihan and Wendy Trull.

Boys 9, 10 and 11 - A second place ribbon was earned by Mark DeFranco. Third place was captured by Richard Marciano. Team points were earned by Don McEvoy, Mike Colombosian, Dave Heislein and Mark Veistadt.

Girls 12 and 13 - Fourth place was captured by Gail Fisk and 5th place by Dorothy Mellet. Team points were earned by Susan Landy, Robyn Marciano and Missy Hostetter.

Boys 12 and 13 - A top performance for Andover West was turned in by Gilman Eaton who won first. Second place was won by Doug Roberts with team points being earned by Jamie Coombes and Rick Heislein.

Boys 14 and 15 - In the 14 and 15 age group, Scott Morrissey captured a second place ribbon.

The Andover East Team took part in a three way meet with Sudbury Red and Lincoln. Final scoring was Lincoln 124, Andover East 103 and Sudbury Red 83. Andover scoring was as follows: Girls 8 and Under - 4th, Jeanne Barrett, 5th, Jennifer Price; Team points, Elizabeth Gardner.

Boys 8 and Under - 1st, Jim Barrett, 5th Chris Mattsson; Team points, Mike White and

George Price. Girls 9, 10, 11 - 1st, Elizabeth Walsh; Team points, Rebecca Gardner and Laura Barrett. Boys 9, 10, 11 - 1st, Peter Price, 3rd, Kirk Liponis, 4th, Eric

Teichert; Team points, David Avery. Girls 12, 13 - 2nd, Kim Bliss; Team points, Ellen Donaghey. Boys 12, 13 - Team points, Arthur Lemans.

Waiting For A P.O.W. Release

HER POW BRACELET will not come off until all the POWs are released. Andrea Eckerson of North Andover is wearing a bracelet with the name of Sgt. Don MacPhail who was captured in Viet Nam on February 8, 1969. Sgt. MacPhail and his family live in Chelmsford.

Andrea Eckerson of 295 Brentwood Circle in North Andover is a young lady who was concerned about the war in Vietnam and took steps to express her concern.

She is one of about 2,000 people in the United States with a POW bracelet.

Her bracelet has the name of Sergeant Donald A. MacPhail and the date when he was taken prisoner, in February 8, 1969.

Sgt. MacPhail comes from Chelmsford.

His wife, the former Charlotte Hogan, lives at 163 Billerica Road with their two girls, Barbie, 6 and Lisa, 4. His parents, Mr. and Mrs. Basil MacPhail live at 192 Dalton Road, also in Chelmsford.

The MacPhails have been active in efforts to release the POWs; Lisa MacPhail was one of the little girls who lit candles on the Boston Common with Mayor Kevin White during the Christmas season when a ceremony was held, dedicated to the POWs and the MIAs.

Sgt. MacPhail's name is on the list of prisoners to be released. "We expect him home pretty soon," beamed Andy Eckerson.

Andy Eckerson is a junior at the North Andover High School, where she is captain of the Ski Team. She noticed a bracelet on the arm of one of her friends and asked how she could get one. VIVA, a Los Angeles based organization, sells them for \$2.50 for a silver plated bracelet and \$3.00 for a copper one. Proceeds from the sales go to the Red Cross and organizations devoted to trying to free the POWs and find the MIAs. Andy's bracelet came on April 10th.

In the fall Andy wrote to VIVA to find out where Sgt. Don MacPhail lived and discovered, to her surprise, that he came from nearby Chelmsford. She has communicated with his parents and learned that his family has received letters from him.

Andy is one of four children. Her brother, Bruce, served in Vietnam as a helicopter pilot during 1968 and 1969. Her older sister, Kim, (Mrs. Jay Southern) is living in Aspen, Colorado, 13 year Elizabeth is at the Atkinson School and is an avid horse fan. Andy's parents have supported her, but are not themselves active in the VIVA program. Mr. Eckerson served in the Marines in the South Pacific during World War II.

Andy has not been active in any other political or semi-political activities. She does work at the Project Care Hotline in Andover twice a month.

Andy has not removed her bracelet since she received it. "I won't take it off until everyone is home," she said softly. "And when I do take it off, I'll give it to Sgt. Don MacPhail."

stimulation to the student. The school should be completed by March. Garofoli plans to have orientation visits for students and staff during the spring and summer.

The opening of the new school will alleviate over-crowding in all the schools, a problem that has been with Garofoli during his six years with the system. "Barring any sudden development of homes and apartment houses, we should have enough school space to last us for at least a minimum of five years," he stated.

Town Gov't Subject For League

The Study of Town Government will be the subject of two Units given by the League of Women Voters. The first Unit will be held on Monday, Feb. 19 at 8 p.m. at the Stevens Memorial Library. A similar Unit will be held on Tuesday, Feb. 20 at 9:15 a.m. at Mrs. Katke's, 6 Francis Street.

On Feb. 14 the League is holding a fund-raising movie and wine and cheese tasting at the New Meadows Theater in North Reading.

Adding to a busy February is the Candidates Night, planned for Feb. 22 at the Franklin School auditorium at 8 p.m.

Garofoli Optimistic In Report

Superintendent of Schools Peter V. Garofoli has submitted his sixth annual report. In the report Garofoli remarked upon the impact of inflation and other changes that the 70's have brought about.

Noting that the new high school "is a departure from the traditional high school," Garofoli feels that innovations will bring a greater wealth of material and

"Nebraska Number One"

By Stephen and Glen Brody
The YMCA basketball Junior Division play-offs were held last week and there were three great games. Nebraska won the championship by three points over Oklahoma, and Notre Dame captured third place by virtue of a one point victory over Ohio State.

The Pee-Wee division results produced a tie for first between the Tigers and the Cougars. The Tigers topped the Dolphins 14-7 behind the hot shooting of Dave Nardone and Steve Adiconis each with 6 points. Eric Nolin tossed in 2 points while Chris Bedell and Jim Burgess backboned a strong defense. For the losers Vincent Keegan fired in two hoops and Mike McDonald added three points. Vic Nikonchuk, Mark Souter, Eric Teichert, Tom Macrone, Jim Kolaric and Steve Goodman passed and hustled well.

The third place Panthers upset the first place Cougars for the second time in a row, 10-4 as Dave Gusimini and Mike Muldoon each drilled in 4 points and Chris Witt fired in a bucket. Leading a tough defense were Dave Robinson and G. Hall. Leading the Cougars were Bob Wilkins and Glenn Rousseau with 2 points each. Strong performances were turned in by Gary Rousseau, Dave Carrigan, Guy Nicholas, Ira Gold, Rich Sambuco, Keith Olsen, Yelle and Joiner.

In the battle for first place in the Junior division Nebraska edged Oklahoma 22-19. Nebraska broke the game wide open in the second quarter by out scoring Oklahoma 10-3. In a balanced scoring attack for Nebraska Eddie Collins tickled the twine with 6 important points. Kevin Muldoon, Terry Reilly, and Dave Hiedt wiped in 4 points. Bob Adiconis and Dave Donovan had 2 apiece. For Oklahoma Jim Arnold had 11 points and Jeff Bragdon swished 8. Good rebounding was displayed by Fred Teichert, Tim Cronin, Andy Weil and Rick Heislein.

The battle for third was settled by one point as Notre Dame squeaked by Ohio State 32-31. Behind the great shooting of Dave Farrell who had 16 first half points Ohio State opened up a 17-11 half time lead. Notre Dame battled back and tied the game with three minutes left, 27 apiece. The game saw-sawed back and forth and Ohio State lead 31-29 with less than a minute left. At this point Dave Farrell fouled out and Greg Nicastro sank one foul shot. Notre Dame regained possession and after two missed shots Nicastro layed in the final basket with three seconds left.

For the winners Owen Keegan tipped in 11 points, Nicastro layed in 10, Bob Reilly fired home 6 points, Scott Hughes swished 4 points and Mike Franzese hit a foul shot, while Mark Bedell played tight defense. Dave Farrell rifled in a game high 28 points as Paul Bracken tipped in a hoop and V. Nikonchuk had a free throw. Pete Newton, Tracy Hughes and Rusty Serbagi all had some fine assists.

Jacksonville crushed Villanova 25-11 in that way winning 5th place. Dave Callaghan had 15 big ones while Tom Curtine got 8 and Bob Robinson hooked in 2. Danny Russo and Bob Oelwang played.

For Villanova, Eric Sullivan had nine and Mike Travis had 2. Andy Sambuco, Mark Jowett and Bob Fitzgerald all passed and rebounded well.

Cornell captured seventh place by downing U.C.L.A. 26-23. Bob Beaudine lead Cornell with 9 points, he was followed by Marty Solomon's 6, Tim Tiernan's 6, Frank Pelletier's 3, Willy Nikonchuk's 2 and fine board work by Bill Hall. U.C.L.A. was lead by Bob Kramer's 12, Mark Brennan's 3 and Dave Heislein's 2.

In a close game the Bullets beat the Knicks 33-27. High scorer for the Bullets was Louis Pizzaro with 20 points the only other scorer for them was Bill Emmert with 13 points. Brendan Reilly, Mark Conlon, Mike Witt, Matt Mirisola, and Dave Wilson all contributed some fine passing. The Knicks were lead by Paul VonSacken with 9 points, Dana Cohen with 7, Bob Murry with 6, Glen Brody with 3, Ray Rau with 2 and Tom Sambuco's fine defense.

The Bucks dumped the Hawks 47-32 behind the hot shooting of George Bragdon who had 20 points. Other scorers for the Bucks were Mark Skinder with 9, Brian McKew with 8, Bob Muldoon with 6, and Kevin Kenny with 4 points. For the Hawks Fred Rau gunned in 21 points, Tom Luceri rifled in 6, and Ricky Collins tossed in 5 points. Danny Rush grabbed some key rebounds.

In the final Intermediate game the Trailblazers received a victory as the Celtics were forced to forfeit the game.

The All-Stars in the three divisions were chosen recently. The Pee-Wee North All-Star team consists of Robbie Wilkins, Garry Rousseau, Glenn Rousseau, Richard Sambuco, Ira Gold, Karl Reinker, Mike McDonald, and Vincent Keegan. The South team is Dave Nardone, Mike Uuska, Steve Adiconis, Mike Muldoon, Chris Witt, Joe Hale, Dave Robinson and Steve Goodman.

The Junior division East All-Star team is composed of Jeff Bragdon, Jim Arnold, Owen Keegan, Greg Nicastro, Scott Hughes, Eric Sullivan, Willy Washburn, Andy Sambuco, Bob Kramer, and Mark Brennan. The West All-Stars are Kevin Muldoon, Eddie Collins, Dave Heidt, Dave Farrell, Rusty Serbagi, Dave Callaghan, Tom Curtin, Marty Solomon, Frank Pelletier, and Willy Nikonchuk.

The Intermediate North All Stars are George Bragdon, Mark Skinder, Paul VonSacken, Dana Cohen, Fred Rau, Randy Hayman, Glen Brody, Scott Hammar and Dave Mirisola. The South All-Stars are Bill Emmert, Luis Pizzaro, Tom Luceri, Rick Collins, Mitch Rousseau, Jeff Smith, Mike Issenberg, Ray Rau, and Mark Conlon.

Elementary Gymnastics Meet Set

The Andover Physical Education Department and the Recreation / Community School Department are co-sponsoring an Elementary Gymnastics meet for Andover elementary school

children in grades three through six.

The meet will be held Wednesday, Feb. 21, in the High School gymnasium at 6:30 p.m. The gymnasium will open at 5:45 p.m. for those children who wish to practice.

Any child wishing to participate may register with the physical education instructor in their school or on the evening of the event between 5:45 and 6:15 p.m.

Grades 3 through 4: boys - trampoline, tumbling, vaulting, rope climbing.

Girls - trampoline, tumbling, vaulting, balance beam.

Grades 5 through 6: boys - trampoline, tumbling, vaulting, rope climbing.

Girls - trampoline, tumbling, vaulting, balance beam.

All youngsters who compete will be required to wear gym clothes. Please contact the Andover School Department Physical Education Department

Bring your own material; I will custom make new

IF YOU DIDN'T BECOME ITALIAN LAST SUMMER HOW ABOUT THIS WINTER?

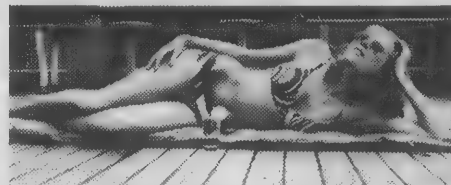

Any one of our 46 Caribbean cruises can make a brand new person out of you (Italian, of course).

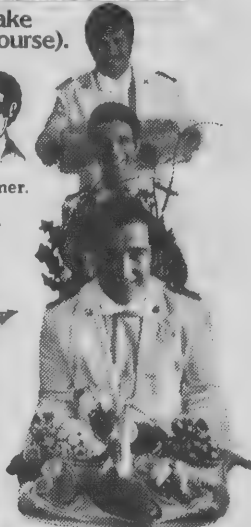

Never mind if you couldn't make it to Europe last summer. Gliding about the Caribbean with us this winter has the same effect. After a week you feel like a new person. Because you are a new person. A new Italian.

Right away you'll notice the Caribbean seems very Italian, i.e. relaxed. Happy. Bellissimo. Which is only fitting. The Caribbean has been Italian since 1492 when one of our boys put it on the map.

Loll. Splash. Eat. Tan. Relax in posh, air-conditioned staterooms. Anchor in romantic harbors. Shop for duty-free bargains. Gaze at the starriest skies in the world. In between, discover the sweet joy of doing nothing.

Our 70 sea-going chefs and pastry cooks will help you become Italian. Order a different pasta every night (we can fix it 450 ways). Or choose from an array of international dishes. See your travel agent or cut out and mail this coupon.

I deserve a vacation. Even more, I deserve to be Italian. Please tell me more about the Caribbean cruises I've checked below.

Warrior Title Hopes Troubled

By Rick Harrison

Last week will not live in the memory of too many Andover High hockey players.

Although the Golden Warriors did qualify for an Eastern Mass. Tournament berth for the first time in three years, the club picked up only one of a possible four points while putting its chances for the Merrimack Valley Hockey League championship in jeopardy.

The week began with a resounding 6-1 thrashing at the hands of Wilmington, a loss that snapped Andover's unbeaten streak at 10 straight games.

Then followed a 2-2 come-from-behind tie against upstart Tewksbury, a deadlock that the Warriors were fortunate to get.

Entering yesterday's MVHL action at the Billerica Forum, Andover was still in first place by a precarious two-point margin.

Coach Dick Valle's sextet is carrying a 9-2-3 overall record, while primary challengers Wilmington and Billerica are 8-2-3 and 8-3-2 respectively.

Both of these teams played yesterday while AHS was idle. A Wilmington triumph would create a two-way tie for the top spot, and if Billerica won it now stands one point behind.

Each team has two regular-season games remaining, with Andover listed to face Billerica and Austin Prep.

Wilmington 6, Andover 1 This was a good hockey game for two periods, before Wilmington netted four last stanza goals to turn a 2-1 squeaker into a 6-1 romp.

Back-to-back goals by John Harrison within a 29-second span midway through the opening session pushed the Wildcats ahead, 2-0.

Ed Flannery retaliated for the Warriors by notching a shorthanded goal just nine seconds before the first period horn.

With teammate Bob Farnham sitting out an elbowing penalty, Flannery stole a Frank McLean pass deep in the Wilmington zone.

A split-second later Flannery's wrist shot was nestled behind Wildcats' goalie Dean Devlin, and it appeared that the late tally would provide Andover with needed momentum entering the second frame.

The Warriors' best chance prior to Flannery's ninth seasonal goal came at 10:30, but Devlin made a sprawling save on Cal Smith's rebound shot from in tight.

AHS did dominate the second period, out-shooting Wilmington 8-3 and holding a wide territorial advantage.

But Devlin remained hot and kicked out everything aimed his way, keeping the score at 2-1 after two frames.

The Wildcats also did a fine job of killing a two-man

MOVING up ice during action at Billerica Forum this past week is a member of the Golden Warrior hockey team. Andover won its contest with Billerica, 6-1.

disadvantage for 41 seconds early in the period.

Dan Bicknell jumped the lead to 3-1 at 3:33 of the finale, culminating a 2-on-1 rush with a waist-high 20-foot wrister that beat Dave Hubbell to the stick side.

Hubbell made a fine save on McLean midway through the period after the league-leading scorer (29 points) snuck behind the AHS defense, but Harrison completed a "hat trick" moments later with a long slapshot during the Wilmington powerplay.

A pair of late scores by Dana Mullarkey were mere formality, as Wilmington humbled the Warriors and improved its own title hopes.

The shots were even at 22-22, but while Devlin was stopping 21 Hubbell could manage just 16 saves.

Andover 2, Tewksbury 2 The Tewksbury crew, twice upset winners over Billerica and undefeated through four games, grabbed a 2-0 lead after one period on goals by sophomores Rich Deschler and Ed Hill.

Deschler connected at 2:38 while the clubs were skating 4-on-4, and Hill pocketed a 10-foot backhand on the Tewksbury powerplay at 11:58.

From that point on Hubbell and Co. shut the door, and the Warriors were able to salvage the 2-2 standoff with a brace of second period red-lighters.

Defenseman Bob Driscoll lit the scoreboard at 0:26, and the goal was "historic" for several reasons.

It was Driscoll's first varsity marker, and it snapped a 107-minute shutout streak for Tewksbury goalie Mike Hughes who had blanked his previous two opponents.

The teams were once again skating 4-on-4 when Driscoll flipped a blue-line wrist shot that caromed off the inside of Hughes' skate. The puck just did trickie over the line before Hughes could retrieve it.

Scott Seero, now third in the league scoring race with 26 points, collected the lone AHS assist.

Midway through the period Tewksbury sophomore center Colin Ahern hit the post with a powerplay slapshot.

At 9:23 Seero and Ken Hubbell combined for a picture-perfect goal to knot the score.

Seero shovelled a pinpoint lead pass to Hubbell, who was breaking towards the net down the left side. Ken took the puck in stride, held it until Hughes committed himself, and then pocketed a short backhand for his ninth seasonal goal.

Ahern had another good chance with nine seconds left in the canto, but Dave Hubbell made the save on his short wrist shot from the slot during yet another Redman powerplay.

The final period was up-and-down with neither team able to control the action for an extended period of time.

Both goalies made key game-saving stops in the final 30 seconds. Hughes turned back a hard Seero slapshot at 11:35, and with five seconds to go Hubbell kicked out a backhand by Eddie Hill.

Tewksbury finished with a 2-17 shooting edge. Hubbell was sharp with 21 saves, while Hughes made 15 saves.

Andover concludes regular season play this week with games on Saturday (vs. Billerica) and Monday (Austin Prep).

GIANT MAP PINPOINTS

Manager Ed Weil, left, kindergarten off High volunteers who helps

An enormous map of Andover is planted with colored pins. It represents the school system's first attempt to inventory schoolchildren, and first toward reorganizing the routes for cost effectiveness and safety.

Some consolidation of routes is expected soon after February vacation, and time to time during the spring eliminate wasteful overlapping of bus routes, a balance driver loads.

The map is in the domain of Business Manager Ed Weil reportedly is lifting up corners of the school system's rug what dust accumulated years before he took over business end of the school system this past fall. Whether Weil is talking about his plan transportation, preventive maintenance of the building equipment, or inventory of the phrase he uses is effectiveness.

The man with the colored pins is Weil's assistant, Arcidy, who has the painful job of the geographic inventory of the school population, a route reorganization. A says the aims of the consolidation will be to balance bus and eliminate standees accordance with the school committee's safety policy, and come out with more efficient routes than Andover has in the past. An important part eliminating standees balancing loads will be enforcement of rules determining which students are eligible for bus rides.

Some adjustments are expected, 20 bus changes announced, possibly a change driver, a slight change in time or another block to make more efficient student point.

Will cost effective measure save the system money? says the first goal is to provide service to more people extra cost. According to estimate that Superintendent Kenneth Seifert and School Committeeman Frank C. made at a Sunday afternoon budget meeting, the school expects a pupil increase of approximately 175 next year.

Taking An Inventory

GIANT MAP PINPOINTS Andover school population to improve bus route planning by Business Manager Ed Weil, left, and his assistant Sam Arcidy, right. Doug Russell, identifying a kindergarten off Highland Road with a pink pin, is one of six East Junior High School volunteers who helps during a study hour.

An enormous map of Andover planted with colored pins represents the school system's first attempt to inventory its schoolchildren, and first step toward reorganizing the bus routes for cost effectiveness and safety.

Some consolidation of bus routes is expected soon after the February vacation, and from time to time during the spring, to eliminate wasteful overlap and crossing of bus routes, and to balance driver loads.

The map is in the domain of Business Manager Ed Weil, who reportedly is lifting up corners of the school system's rug to see what dust accumulated in the years before he took over the business end of the school system this past fall. Whether Weil is talking about his plans for transportation, preventive maintenance of the buildings and equipment, or inventory control, the phrase he uses is cost effectiveness.

The man with the colored map pins is Weil's assistant, Sam Arcidy, who has the painstaking job of the geographic inventory of the school population, and bus route reorganization. Arcidy says the aims of the consolidation will be to balance bus loads and eliminate standees, in accordance with the school committee's safety policy, and to come out with more efficient bus routes than Andover has had in the past. An important part of eliminating standees and balancing loads will be enforcement of rules determining which students are eligible for bus rides.

Some adjustments can be expected, 20 bus changes are announced, possibly a change of bus driver, a slight change in pickup time or another block to walk to a more efficient student pickup point.

Will cost effective measures save the system money? Weil says the first goal is to provide service to more people at no extra cost. According to the estimate that Superintendent Dr. Kenneth Seifert and School Committeeman Frank Griggs made at a Sunday afternoon budget meeting, the system expects a pupil increase of approximately 175 next year.

The school system's bus code will be sent home to families after the February vacation, outlining the rights and responsibilities of bus drivers, students, school principals and parents.

The bus code presented another consolidation job for Arcidy, because though it had existed in fragmentary form for years, it was never put together and shared with all families, Weil said. Responsibilities for school principals has been added to the code, which the school business students are now typing up.

The bus code outlines techniques for communication when the rights or responsibilities of bus drivers, students, principals or parents have been violated, so that each will know where he stands, and everyone will know when problems arise. Courtesy, cooperation and common sense are described as the watchwords of the code.

Arcidy hopes that parents will go over the code carefully with their children. "Students must realize that discipline on a bus is important for the safety of all. The code gives parents a responsibility in the educational process here."

"We're trying to transport 4,000 people in roughly one and a half hours," Weil states. "Everyone's help and understanding is needed to do this efficiently."

The school committee policy, more generous than state requirements, transports all elementary students living more than a mile from school, and all secondary students living more than a mile and a half from school. Weil noted that the buses will enforce the eligibility rules.

Chess Fest

On Friday, Feb. 23 at 6:30 p.m. in the Andover East Jr. High School cafeteria, the Recreation / Community School Department is sponsoring a Chess Tournament.

This tournament is divided into three sections, elementary students, junior high school students and senior high school students.

Bring your chess sets and compete against your fellow students for trophies.

Budget, Supper At North School

The West Andover Community Association will hold its annual pot luck supper and meeting with

town officials Monday, Feb. 22 at the North school at 6 p.m. Following the dinner, the town manager, selectmen and school committee will discuss the annual budgets and articles to be presented to town meeting.

OBITUARIES

THE TOWNSMAN, FEBRUARY 15, 1973

MRS. ANNA T. MCCARTHY
Mrs. Anna T. (Donovan) McCarthy, 88, 9 Shirley Road, Andover, was pronounced dead on arrival Monday at Lawrence General Hospital where she was taken from her home in the Andover Fire Department ambulance. Dr. Frank A. Hayden, associate medical examiner, attributed death to natural causes. She was the widow of former Lawrence Alderman John W. McCarthy, director of engineering.

Mrs. McCarthy was born in Haverhill, June 13, 1884. She was educated in Haverhill schools. She moved to North Andover at the time of her marriage, and was a resident of South Lawrence for 55 years. Mrs. McCarthy was a member of the Ladies Sodality of St. Patrick's Parish,

Lawrence, and the Ladies of Merrimack.

She leaves two sons, Rev. Joseph F. McCarthy, OSA, pastor of St. Augustine's Church, Detroit, Mich., and John W. McCarthy, Jr., of Andover; two daughters, Miss Regina M. McCarthy, master of the Rollins school, and Eileen L., wife of Atty. Henry T. G. Gleason of Basking Ridge, N.J.; four great grandchildren; two brothers, Cornelius and James, both of North Andover, and two sisters, Miss Cecilia and Miss Evangeline Donovan, both of North Andover.

A funeral Mass will be offered Friday morning at 10 o'clock in St. Patrick's Church, Lawrence. Burial will be in Immaculate Conception Cemetery, Lawrence.

Calling hours are Thursday from 2 to 4 and 7 to 9 p.m. at the John J. Hart, Jr., Funeral Home, 107 South Broadway, Lawrence.

THEODORE G. BROWN

Theodore G. Brown, Sr., 67, 2531 Daisy Ave., Long Beach, Calif., father of Theodore G. Brown, Jr., of Andover, died unexpectedly Friday, Feb. 9, at Long Beach Memorial Hospital.

Mr. Brown was born in Rochester, N.Y. He was a retired commercial pilot.

Besides his son, he leaves his wife, Carol Brown, and three daughters, all in California.

The funeral and burial took place in Long Beach.

MRS. L.M. GUARINO

Mrs. Lillian M. (Corliss) Guarino, 44 Royal Crest Drive, North Andover, died Saturday, Feb. 10, at Lawrence General Hospital after a long illness.

Mrs. Guarino was born in Beverly. She was the wife of Armando O. Guarino, manager and vice president of the Lawrence

Gas Company. She lived most of her life in Beverly until moving to North Andover three years ago. She attended St. Michael's Church, and was a member of the Methuen Lady Lions.

Surviving besides her husband are a son, Dr. Armand Guarino of San Antonio, Texas; one daughter, Elaine, wife of Roger Boudreau of Beverly; two brothers, Earl Corliss of Bethesda, Md., and John F. Corliss of Danvers; and nine grandchildren.

A funeral Mass was celebrated Monday at 10 a.m. in St. Michael's Church, North Andover. Burial was in St. Mary's Cemetery, Salem.

WILFRED CROTEAU

Wilfred Croteau, 74, 180 Beacon St., Andover, a retired stationary engineer, died Friday, Feb. 9 at Lawrence General Hospital after a long illness.

Born in Brunswick, Maine, Nov. 16, 1898. He was a retired Essex Packing Co. employee. He was married to the former Antonia Bedard, with whom he celebrated his 50th wedding anniversary in 1966. He attended Sacred Heart Church, and belonged to the Holy Name Society in that parish.

Besides his wife, he leaves four daughters, Mrs. Claire Lamontagne of Andover; Rita, wife of Maurice Desrosiers of Naugatuck, Conn.; Gertrude, wife of Wilfred Pelletier of Andover, and Theresa, wife of Kenneth Higham of Lawrence; one son, Herve, of Andover; 14 grandchildren; and 10 great grandchildren.

A funeral Mass was offered Tuesday at 10 a.m. in Sacred Heart Church. Burial was in Sacred Heart Cemetery, Andover.

MRS. MINNIE HEINZ

Mrs. Minnie S. (Dietzel) Heinz, R.N., 71, 32 High Plain Road, Andover, former night superintendent of nursing at Lawrence General Hospital, died Friday, Feb. 9, at the hospital after a long illness.

Born in Lawrence, Nov. 17, 1901, she was the wife of Albert R. Heinz. She was a member of West Parish Church and Andover Grange. She graduated from the Lawrence General Hospital School of Nursing in 1926 and was a member of the hospital's Alumnae Association.

Besides her husband, she leaves a daughter, Miss Elizabeth Ann Heinz of Washington, D.C.; and a sister, Mrs. Martha Buckley of Florida.

A prayer service was held Monday at 1:45 p.m. at the Lundgren Funeral Home, 18 Elm St., Andover, followed by a funeral service in West Parish Church at 2:30 p.m. Burial was in West Parish Cemetery, Andover.

CHARLES T. BENTLEY

Charles T. Bentley, 65, 145 Andover St., Ballardvale, retired

photographic technician, died Saturday at Lawrence General Hospital after a long illness.

Mr. Bentley was born in Gloucester, Aug. 22, 1907. He had lived in Ballardvale for 23 years. Before he retired in 1969, he was a photographic technician for the New England Electric Systems. Mr. Bentley was a member of St. Matthew's Lodge, AF & AM of Andover. He also was a member of St. John's Episcopal Church, Gloucester. At one time, he was a member of the volunteer firemen in Ballardvale.

He leaves his wife, the former Ona Anderson; a daughter, Charlotte, wife of Donald Tynning of Ballardvale; a son, George W. Bentley of Ballardvale; a brother, Philip of Lewiston, Maine; three sisters, Margaret, wife of C. Edward Durbin of Louisville, Kentucky, Mrs. Doris Giorgio of Dedham, and Mrs. Florence Flansburg of Mount Pleasant, S.C., and two grandchildren.

The funeral was held Tuesday morning at 11 o'clock from the Lundgren Funeral Home, 18 Elm St., Andover. Burial was in Spring Grove Cemetery, Andover.

Contributions may be made to either the National Neurological Research Foundation, Box 2000, White Plains, N.Y., or to the Northeast Chapter, Massachusetts Heart Association, 79 North Main St., Andover.

MRS. JESSIE M. HAYMAN

Mrs. Jessie M. (Jones) Hayman, 84, formerly of 9 Perry St., North Andover, died Thursday, Feb. 7 at Coles Nursing Home, Andover.

Mrs. Hayman was the widow of Henry Hayman, former faculty member at Brooks School, North Andover.

Mrs. Hayman was born in Newton Abbot, Devonshire, England, Jan. 2, 1889. She lived in North Andover for 56 years. Mrs. Hayman was a 40-year member of Trinitarian Congregational Church, North Andover, where she was on the board of deaconesses and a member of the Women's Fellowship. Mrs. Hayman also was a member of the North Andover Grange.

She is survived by a son, Horace Harman of Ballardvale; two grandchildren, and a great grandchild.

The funeral was held Saturday at 2 p.m. in Trinitarian Congregational Church. Burial was in Ridgewood Cemetery.

Contributions may be made to the Trinitarian Congregational Church Organ Fund.

FRANK PAPARELLA

Private funeral services were held Wednesday, Feb. 7 from the John Breen Memorial Funeral Home, 35-37 Merrimack St., North Andover, for Frank Paparella, 85, 103 Bradford St., North Andover, who died Monday at Lawrence General Hospital.

Burial was in Ridgewood Cemetery, North Andover.

Mr. Paparella was born in Italy, July 5, 1887. He formerly was in the clothing business. He attended St. Michael's Church, North Andover. He was a U.S. Army veteran of World War I. He leaves his wife, the former Marie Nadai.

MRS. LILLIE BROADHEAD

Private funeral services were held Thursday, Feb. 8 from the R. George Caron Funeral Home, 30 Main St., North Andover, for Mrs. Lillie (Booth) Broadhead, 79, who formerly lived at 43 Fountain Drive, North Andover. Mrs. Broadhead died Tuesday, Feb. 6, at the Shady Knoll Nursing Home, North Andover, after a long illness. She was the widow of Louis Broadhead.

Mrs. Broadhead was born in Fallsworth, England, March 7, 1893. She lived in North Andover for 60 years where she was a member of the Fellowship Bible Church.

Surviving are a daughter, Mrs. Doris Lambert of Pittsburg, Pa., and four grandchildren.

Burial was in Elmwood Cemetery, Methuen.

Births...

FOLLEY - A daughter, Jennifer Ann, Sunday, Jan. 28, at Landstuhl Hospital, Kaiserslautern, Germany to Sp/5 and Mrs. James R. W. Folley. The mother was Barbara Hugo, daughter of Mr. and Mrs. Wilfred Hugo, Sylvester St., Lawrence. The paternal grandparents are Mr. and Mrs. Herbert R. Folley, 75 Essex St., Andover.

McGUIRE - A son, Sean Patrick, at Bon Secours Hospital to Mr. and Mrs. James McGuire, Jr., 49 Maple Ave., North Andover. The mother was Linda Mistretta.

ARMY - A son, Dale Matthew, at Lawrence General Hospital to Mr. and Mrs. David A. Army, 25 Edgelawn Ave., North Andover. The mother was Rebecca Allen.

DURAND - A daughter, Shani, at Bon Secours Hospital to Mr. and Mrs. Richard Durand, 91 Main St., North Andover. The mother was Margaret Bryan.

HOUDE - A daughter at Bon Secours Hospital to Mr. and Mrs. Richard Houde, 656 Foster St., North Andover. The mother was Anita Parisi.

BEAL - A son at Bon Secours Hospital to Dr. and Mrs. John Beal, 11 Donald Circle. The mother was Dolores Nolet.

MIZER - A daughter, Patricia Antoinette, at Lawrence General Hospital to Mr. and Mrs. Michael Mizer, 35 River Road, Andover. The mother was Jean E. Curtis.

Chairman

Announced today is the appointment of Mrs. Kenneth Wreghitt of Andover as Area Chairman for Coffee Day, a statewide annual event of the Easter Seal Society. Mrs. Wreghitt will in turn appoint the local chairmen within her area which includes the communities of Andover, North Andover, Lawrence, Methuen and North Reading.

Skating Party

The Bancroft P.T.O. will conduct a family skating party Friday, Feb. 16 from 7 to 10 p.m. The Recreation park lodge will be open and refreshments will be served.

St. Rob

By Rick Harrison

The top four teams in Intermediate Division of the Dover Church Basketball League remained just two games after each chalked up a victory in weekly action at the East High gym.

The most exciting game of the season was the third-place St. Robert's B. squeeze out a 19-17 overtime over St. Augustine C.

The seesaw battle was after one quarter. St. Robert's gained a 12-10 halftime lead. St. Augustine C bounced back a 15-12 lead after three periods.

Jeff Nicastro's basket a free throw by Joe Koravos 15-15 at the conclusion of regulation time, and the Robert's B held a 4-2 score in the extra period.

Jeff Nicastro and Carlo Frederico powered the win offense with 6 points apiece. Koravos added 3 points, including an all-important bucket in the overtime.

Rich Marciano swished a clutch free throw in overtime, and John Amadio completed the attack with points.

Ted Paris hooped 6 points. St. Augustine C, including a brace of charity tosses in extra session. Steve Morin, John Grecoe notched 4 points each, while Dan Russo 10 points and Jim Murphy scored third quarter foul shot.

Fourth-place St. Augustine (5-2) broke open a tight 8-7 by outscoring St. Augustine 8 in the second half en route to a 28-15 triumph.

Dave Farrell continued explosive scoring exploits with points for the victors. Curtin fired through 6 points in the second half, and Walsh chipped in with a point.

Terry Reilly was the offensive noise for St. Augustine A, cracking double figures 10 points. Jim Arnold tossed markers and Charlie Wisniewski canned one bucket.

Doug Royal and Jay D. contributed hustling floor game in a losing cause.

West Parish B skipped South B, 17-6, on the strength of a 9-0 point bulge over the final periods.

Bill Hall pumped in 8 points to spark the victors' charge.

St. Robert's Edges St. Augustine's

By Rick Harrison

The top four teams in the Intermediate Division of the Andover Church Basketball League remained just two games apart after each chalked up a victory in weekly action at the East Junior High gym.

The most exciting game saw third-place St. Robert's B (6-2) squeeze out a 19-17 overtime win over St. Augustine C.

The seesaw battle was tied 4-4 after one quarter. St. Robert's gained a 12-10 halftime lead, but St. Augustine C bounced back for a 15-12 lead after three periods.

Jeff Nicastro's basket and a free throw by Joe Koravos tied it 15-15 at the conclusion of regulation time, and then St. Robert's B held a 4-2 scoring edge in the extra period.

Jeff Nicastro and Carmen Frederico powered the winners' offense with 6 points apiece. Joe Koravos added 3 points, including an all-important bucket during the overtime.

Rich Marciano swished a pair of clutch free throws in the overtime, and John Amboian completed the attack with 2 points.

Ted Paris hooped 6 points for St. Augustine C, including a brace of charity tosses in the extra session. Steve Morin and John Grecoe notched 4 markers each, while Dan Russo had 2 points and Jim Murphy sunk a third quarter foul shot.

Fourth-place St. Augustine B (5-2) broke open a tight 8-7 game by outscoring St. Augustine A 20-8 in the second half en route to a 28-15 triumph.

Dave Farrell continued his explosive scoring exploits with 20 points for the victors. Tom Curtin fired through 6 points, all in the second half, and John Walsh chipped in with a two-pointer.

Terry Reilly was the big offensive noise for St. Augustine A, cracking double figures with 10 points. Jim Arnold tossed in 3 markers and Charlie Wiseman canned one bucket.

Doug Royal and Jay DiIorio contributed hustling floor games in a losing cause.

West Parish B skipped past South B, 17-6, on the strength of a 9-0 point bulge over the final two periods.

Bill Hall pumped in 8 points to spark the victors' charge. Jeff

Rosen flipped in 7 points and Pete Newton hit for 2 points.

Other West B standouts included Paul Fitzpatrick, Tim Sweeney, Kevin Lafferty and Jody Yameen.

Doug Russell stuffed 4 second quarter points for South B, while Rich Caughey arched through one basket in the opening stanza.

Defensive stalwarts for South were Jeff Hudgins, Phil Weeks and John Sagaser.

Three-time defending champ West Parish A (7-0) stretched its current league win streak to 20 straight games, and won its 100th game in the last 105 starts, by dumping Free Church 53-2.

Dave Alexander and Kim Hale shared high-scoring honors with 12 points apiece. Steve Serley dunked 11 and Dave Hill popped in 8.

Dave Callaghan and Jon Crush netted 4 markers each, and Jimmy Wetterberg completed the attack with 2 points.

Eric Frederickson banked in a 10-footer for the Free quintet, and other hustling competitors were Steve Smith, Doug Kirkland, Al Green, Dave Gagnon and Phil Kirkland.

Second-place St. Robert's A (6-1) pinned a 33-13 defeat on St. Robert's C.

The issue was never in doubt, as the 'A' squad led 9-2, 17-3 and 27-9 at the first three checkpoints.

T.J. Caveney found the range for 9 points to guide the winners. A.J. DeFusco, Eddie Collins and Todd Orlando cashed in for 6 markers each, while solo baskets were notched by lefty Chris Fortune, John McNamara and Scott Praetz.

The well-balanced St. Robert's C machine received 4 points apiece from Tom Daley, Frank Griggs and Steve Rathbun. Jimmy Rathbun popped in a second period free throw.

Other 'C' team standouts included Mike Murray and Billy Ray.

The Intermediate Division now takes a week's rest during the school vacation, with action set to resume on Feb. 26. The schedule for that day follows:

St. Augustine A vs. St. Robert's A, and St. Augustine C vs. Free at 6:15 p.m.; St. Augustine B vs. South A, and St. Robert's C vs. South B at 7 p.m.; West Parish A vs. St. Robert's B at 7:45 p.m.

The Assistant

Andover has always had a reputation for aiming for the ultimate in the educational field, and a week ago took another giant step toward that goal in adding to its personnel list another administrator.

We now can boast of a school system endowed with a superintendent, an assistant, a personnel manager and a business manager.

Our thoughts lie somewhat with School Committeeman Dr. Frank Griggs on the matter, who offered that he was not objecting to the appointee, but to administration cost load.

Having dealt with the merits of another administrator in the school system in the past, we find it hardly necessary to repeat our feelings on the matter.

But for the record we feel the school department should be a little more cognizant of the economy of the community in affixing the educational administrative burden it is placing upon the taxpayers.

The school system is currently in the throes of some controversy as to a future course. At odds are advocates of a traditional educational system, as opposed to the open concept.

As indicated at a meeting a week ago, the coming election may shed some light on the manner in which the people of Andover would like their school system to proceed.

Therefor, with administrative assistance like that, why the need for additional personnel at the top at a cost of \$23,500.

A good football team relies for its scoring ability on a good quarterback and a good front four.

With Andover's current school administrative setup, Dr. Seifert, superintendent, should soon be carrying our educational program to super bowl status. Such should easily be accomplished, against a rather weak defensive line.

FinCom

The Finance committee this past week has fired off another nit-picking request of the selectmen and town manager regarding the proposed West Andover industrial development.

A FinCom request was answered by the selectmen on various points concerning the installation of \$2½ million trunk sewer line to West Andover for Hewlett-Packard Co., last week.

This week, the FinCom has responded with a "Consensus position," regarding some of those points.

Among the requests is further date on the economic

prudence of the project based on a four per cent tax rate increase, rather than a six per cent as projected by Town Manager J. Maynard Austin.

Such, we think, could be figured proportionately to still justify the value of the introduction of Hewlett-Packard to Andover.

Other requests include FinCom approval of the projects in planning and construction and final stages, agreements with the City of Lawrence prior to town meeting on the sewer tie-in, with no further consideration of other matters, such as a connector road included, covenants between Arkwright/Boston, the land owners and Hewlett-Packard prior to town meeting and financial assistance to the town by the developers for improved roads.

The division between the FinCom and the selectmen seems to be bordering on the ridiculous at this point.

Assuredly the selectmen, based on past performances, have safeguarded the town from any problems which may arise from new industrial development.

These same safeguards are being applied to the Hewlett-Packard proposal.

Selectmen and the FinCom have bickered in past years on the prospective tax rate prior to town meeting.

It was looked upon somewhat as gamesmanship.

This year the subject is much more important to the future of the town to allow the continuance of what might be looked upon as power struggle efforts of the FinCom.

West Andover is destined to be developed industrially. In the Hewlett-Packard offering the town has a substantial known quantity.

Let's get on with the job of resolving municipal differences and apply efforts to the task of providing some tax relief through a broader industrial base.

Off The Top

Of The Desk

The North Andover School Building committee this past week expressed concern over door closers being too low in some parts of the new school under construction.

A committeeman referred to them as being possibly too low for some tall students and teachers and dubbed them "scalpers."

We wonder if possibly the architect might have intended them as a remedy to any long hair problems in the school after it opens in September.

We've been waiting anxiously to see Tom Curtin and his staff at

McDonald's on North Main Street going through their dance steps, etc., in tune with the company jingle.

It's about time, since Mr. Curtin, an Andover resident, opened for business there just ten years ago.

Among the prominent statistics of his decade in business there, Tom points to having served millions of sandwiches and soft drinks, as well as providing employment for 800 full and part time people, many of whom were high school or college students.

Hockey fans are as hardy as the players.

The part of players going off, getting stitched up and returning to action, is part of the game.

Last week, in Chicago, a plexiglass plate smashed resulting in a player requiring a considerable number of stitches and three fans requiring emergency hospital treatment, some for stitches.

The player and the fans returned for the third and final period, the repairs to the damaged glass taking sufficient time to permit the injured to be cared for.

The Extension home economics department at the Essex Agricultural and Technical Institute will conduct a two-hour program on "Introduction to the Metric System," Feb. 28, 10 a.m. to 12 noon at Alumni Field House.

"Going Metric" means a national changeover that would result in acceptance of metric as the preferred system of measurement, and ultimately start people to think in primarily metric terms instead of in customary terms. The history, nature and scope of the

(Continued on Page 24)

Down the Years with The Townsman

75 Years Ago - February, 1898

An Andover boy, Thomas Hagan, was supposed to have been aboard the U.S. Battleship Maine, which was blown up in Havana harbor Tuesday night. He has a sister, Mary, living in Abbot Village.

Work has been resumed on the faced wall being built on North Main street by the Boston and Maine railroad. It had been temporarily held up by the severity of the weather.

Beautiful schoolrooms cost money. The John Dove teachers and scholars are solving the problem of paying for these by a series of delightful entertainments.

The County Commissioners report that during the past year 8,936 feet of highway has been placed in Andover at a cost of \$21,891.69.

Beginning April 1, the Andover Savings Bank will close its offices at 12 noon on Wednesdays, except on quarter days.

50 Years Ago - February, 1923

More than a score of Andover investors are involved in the affairs of the Inter-City Trust now under investigation. More than 425 shares totalling \$17,000 are owned by Andover residents.

The state senate and the governor are expected to approve the sewer bill which was passed in the House yesterday. Town meeting will act on the appropriation for a trunk sewer to accommodate the Shawsheen village and mill.

School building committee shows that taxes from the anticipated building of residences in Shawsheen will more than offset the \$268,000 cost for a new schoolhouse there.

Thawing a pipe was said to be the cause of fire at a home on Morton street Monday night. The fire was contained to the partitions of one room.

Philip W. Blake, M.D., a Harvard Medical School graduate, has opened an office for his practice at 94 Main street.

25 Years Ago - February, 1948

The Andover Council of P.T.A.s has given its support to the teachers who are seeking a ten percent wage increase.

Tree Warden George R. Abbot reports the loss of many diseased elm trees this past year as a "disaster without headlines."

The largest fire loss in Andover last year was a barn to the rear of St. Francis Seminary in West Andover. Total fire loss for the year was \$16,697, of which the barn represented \$10,000.

Johnny Pesky, of the Red Sox and Jim Hegan of the Cleveland Indians, conduct a baseball clinic at Phillips Academy cage.

A resolution was passed this past week by the school committee, praising Arthur E. Lewis for his 15 years of service on the committee.

10 Years Ago - February, 1963
The Andover Board of Trade, at a special meeting this week, voted 18 to 17 to oppose the urban renewal plan for central Andover.

Town Manager Thomas E. Duff feels the new tax rate will be considerably less than the \$4 predicted by the finance committee in their budget examinations.

The zoning board of appeals has approved plans presented by William D'Annalfo for construction of apartment units on North Main street.

Rev. Paul T. Keyes of Auburndale has been assigned as curate at St. Robert Bellarmine parish.

Richard H. Moody was re-elected president of the Andover Taxpayers Association at its annual meeting this week.

Well Done

Dr. Richard A. Katz will be retiring soon following six years of service Andover as a school committeeman.

He was honored by his colleagues at the last session of the committee and received a well-deserved ovation from the audience in attendance.

The retiring pediatrician has served the community well during his years on the board.

He typifies a particular character which is Andover's - that of having sincere persons interested in stepping forward to serve in public office, despite busy personal schedules.

No one would doubt that the doctor has been busy in treating his many patients. But, he was attentive to the duties of his office as school committeeman and his terms as its chairman.

These have been busy years for the school department, through new programming and new construction, and Dr. Katz always found time to be a part of the decision making and study necessary to implement the programs.

Andover is grateful for such service.

ELECTION EXTRA

non-partisan voting information

ANDOVER TOWN ELECTION

MARCH 5, 1973

Candidates For Moderator

Vacancy: 1
Description Of Office:

Elected annually at town elections. Receives small salary for services (1972: \$25.00 for each session of town meeting at which he presided). Chief presiding officer at all town meetings. Moderator conducts town meetings according to long-established town customs but when necessary may impose parliamentary rulings according to his own judgment. The moderator appoints members of the town finance committee and members of temporary committees when so directed by town meeting.

Questions Asked The Candidates

What changes physical and/or procedural would you make to improve town meeting?

Which form of government do you feel is better suited to Andover - open town meeting or representative town government? Explain your choice.

William J. Dalton
for Moderator

Age: 29
Address: 9 Carisbrooke St.
Occupation: Attorney
Education: Andover Public Schools; Uni. of New Hampshire - B.S. in Business and Economics; Boston Uni. Law School - Juris Doctor; Member of Law Review.
Public Service: Chairman of the town meeting committee; past general counsel of Greater Lawrence Legal Aid Society; board of directors of Legal Aid Society; board of directors, Children's Protec-

Dear Voter,

This special supplement to the Andover TOWNSMAN has been provided by the Andover League of Women Voters as a voter service activity.

The League is a nonpartisan organization working to promote informed and active citizen participation in government. We do not support or oppose any candidates or parties, but we may take stands for or against issues relating to areas we have studied. Our members are also encouraged to be interested and involved in government as individuals.

To provide an additional opportunity for voter education, the League will sponsor a Candidates' Night on Tuesday, February 27 at 7:30 p.m. in the West Elementary School Auditorium. You will be able to see, hear and question the people who are seeking to represent you in a particular office.

We hope you will make use of these resources in order to be an informed voter on March 5.

Remember - your vote makes a difference!

Sincerely,

Nancy M. Mulvey

Nancy M. Mulvey
President

tive Society; board of directors, Family Service Association.

Question 1: The most obvious and important means of insuring an effective and efficient town meeting is the implementation of ground rules concerning presentation and debate. The primary consideration should be to guarantee a fair and complete discussion; however, speakers should be required to confine their remarks to the subject matter under discussion without repetition. Debate should not be allowed to proceed beyond the point of usefulness.

The Committee to Improve Town Meeting should be asked to continue its work and to report annually its recommendations. This committee should begin preparation of a handbook of town meeting guidelines including basic rules of procedure which would be distributed to every voter.

It is the moderator's responsibility that voters understand the questions before them. Each question or amendment should be carefully explained prior to its being voted upon. To assist the moderator in this regard, the town counsel should be seated next to him to explain points of law.

Space does not permit elaboration on other improvements except to state that the moderator should continually search for ways to make town meeting more businesslike and enjoyable.

Question 2: As chairman of the Committee to Improve Town Meeting, I have carefully studied this question. That committee filed a report at a prior town meeting, a copy of which is available at the town clerk's office.

I am a candidate for town moderator, and since a part of the moderator's responsibility is to remain impartial, I feel it would be improper to advocate a position on this or any other issue which may, in any form be

Marco J. Petteruto
for Moderator

Four Seek Selectman Posts

Vacancies: 2
Description Of Office

A five-member board with staggered three-year terms. Members receive small salary for services (1972: \$1000 for chairman, \$800 for other members). Meetings are held on the second and fourth Mondays of each month and are open to the public. The function of the board of selectmen is policy-making and supervision of town government. It sets water rates, serves as a licensing board, and makes recommendations to town meeting. Its responsibilities include: calling of town meetings and preparation of warrant; appointment of town manager and setting of his salary; appointments to zoning board of appeals, voting registrars (other than town clerk), and town accountant; preparation of jury lists. Selectmen may remove

these appointees for cause. Selectmen also approve town manager appointments such as department heads, planning board, board of health, board of assessors, conservation commission, board of library trustees, town clerk, collector-treasurer and town counsel. They approve action taken in prosecuting, defending or compromising litigation to which the town is a party.

Questions Asked The Candidates

What suggestions would you make to town meeting for the disposition of funds from revenue sharing?

What would you consider the priorities for future use of developed and undeveloped land in Andover? Consider in your answer the present central district of town.

George Heseltine for Selectman (Incumbent)

Age: 36
Address: 14 Argyle Street.
Occupation: Retail store owner in Andover.
Education: High school graduate, 1 year college - nights.
Public Service: Past President, Andover Chamber of Commerce. Selectman 1970-73.
Question 1: This money should go directly into reducing the budget as it now stands and not toward the special articles. The special articles should be left to their own merit and be voted by the people at town meeting. If this money continues to come from the government it could go a long way towards setting up a new budget system for the town once we are through the 18-month period.

Question 2: The Andover Comprehensive Plan (1965) sets forth these basic land use priorities:
- To preserve the open and predominately residential character of the community.
- To encourage a high standard of commercial and industrial development in a manner not detrimental to the residential character of the town.

Land use planning is an effort by a municipality to utilize land in keeping with the needs of the community and the suitability of the parcel of land in question.

There are two general areas of concern that apply to all new development whether it is residential, industrial or commercial. First, all new develop-

George Heseltine

ment must be orderly, well-planned, and in conformance with the zoning bylaw and/or the subdivision rules and regulations. Second, lands should remain undeveloped if better suited to conservation or recreation purposes for reason of ecology (example, subject to flooding) or economy (example, construction of housing in poorly-drained areas that only create problems for the unsuspecting homeowner and the town).

Donald I. Richmond for Selectman

Age: 42
Address: 5 Rock O'Dundee Rd.
Occupation: Self-employed in real estate investments and construction.
Education: Norwich University,
(Continued on Page A-2)

A-2 Selectman Race

(Continued from Page A-1)

Donald I. Richmond

B. A. in economics.

Question 1: I would suggest that money received from the federal program of revenue sharing be applied against our expenses to stabilize or reduce our real estate taxes.

In no way should these funds be considered a windfall to be used for some special project. The intention of the federal revenue sharing program is to return funds to the state and local governmental units to ease the local tax burden.

If elected selectman, I will use my efforts to insure that these funds are applied where they belong - to stabilize or reduce our taxes.

The acceptance of federal revenue sharing requires an accounting to the federal government for these funds. At the end of a fiscal year, we must report to the U.S. Treasury

Department what we did with these funds and what we intend to do with the money in the coming fiscal year. This is where a dispute can arise, for it is implicitly understood that if the Treasury Department does not like what we do with this money they will then tell us what we can and cannot do.

We must always safeguard our right to self-determination of our local affairs. Federal revenue sharing is fine, but not at the expense of federal interference in our local affairs.

Question 2: I do not believe we should attempt to set priorities for the future use of any land in Andover. Under our system of individual initiative (free enterprise), development of land will take place when a developer determines a purpose (need) for the land, its availability and its price.

I am not aware of any massive attempt to inundate the town with residential, commercial or industrial projects. Therefore, I see no need for priorities of development or even a moratorium on growth. We have been able to maintain an orderly growth rate through the natural process of demand and supply, absorbing new developments without straining our resources.

Our zoning by-laws protect us against spontaneous, haphazard and disorderly growth but still allow the wisdom of our town meeting to decide if a particular project might be more appropriate in a specific location.

As Andover grows, the central business district will feel expansion pressures and I am sure worthwhile projects will be brought to the attention of the planning board and the town meeting.

waste disposal, should certainly receive serious consideration. With a whopping 18-month budget facing us, revenue funds would help ease the pain in the pocketbook.

Question 2: My priorities for the development or non-development of any land in Andover are:

1) A land use policy agreed to by our town boards and townspeople. An updating of our Master Plan of 1965 and evaluation of a study of the future development of our central business district are vehicles for discussion and town vote. Presently both plans are being considered by our planning board. Merchants, town boards and residents share a responsibility for the planning and development of our central business district.

2) A spirit of cooperation and increased communication between town boards in the planning of land use.

3) Adequate enforcement of our land use goals by town officials, boards and independent citizens review boards.

4) On-going evaluation of the effectiveness of our land use goals with opportunities to alter our plans if circumstances show a need for change.

Edmund J. Sullivan, Jr. for Selectman

Age: 48

Address: 4 Rolling Ridge Road. Occupation: Engineer.

Education: Graduate mechanical engineer, M.I.T., B.S.M.E.

Public Service: United Fund, Cub Scouts, Andover hockey program, Andover-North Andover YMCA building fund.

Question 1: The Congress of the United States passed the revenue sharing bill to provide tax relief for the already overburdened local property owner. This is exactly what these funds should be used for. Revenue sharing funds should be deposited in a separate and untouchable account and applied as a credit

Edmund J. Sullivan, Jr.

on individual tax bills. Every responsible government agency, both federal and state, realize that the continued spiral of taxation must be seriously checked. This must be true at the local level, also.

Question 2: The priorities for the future use of undeveloped land in the town of Andover must be carefully screened to continue the present balance between an attractive residential community with a small but selective industrial community, and the natural open beauty of its remaining farms and woodlands. These historic and aesthetic qualities must be retained and preserved. The present central district of the town should be continually screened for improvements. Only long range planning by dedicated and interested citizens will place in proper focus the required priorities for a balanced community.

Pettoruto

(Continued from Page A-1)

Occupation: Attorney and Counselor at Law.

Education: Graduate, Boston University Law School.

Public Service: Served as assistant moderator at town meetings; a director of the Bon Secours Hospital Guild; formerly director of Massachusetts Heart Association, Northeast Chapter, and chairman, 1968 Heart Fund Campaign East Sector; served with the United States Air Force from April 1942 to January 1963 - retired colonel; and also served as teacher in the Confraternity Christian Doctrine program.

Question 1: As to a physical change, the use of portable microphones will eliminate the necessity of a voter leaving his seat in the center of a row to go to the microphone by the stage, and thereby save time and expedite the proceedings.

As to procedural changes to improve town meeting, it is to be noted that the proceedings are not governed by the strict and technical rules of parliamentary law. Every voter present at town meeting has a right to participate in the discussion of the various matters that come before the assembly. At times, subjects come up for consideration which arouse general interest, and even divide the townspeople into hostile camps. Under such circumstances, the proceedings reach their highest interest, and are attended by much excitement, speech making, emotional feelings, outbursts and uncomplimentary personal allegations. This does not lend itself to the thoughtful and orderly disposition of the subject matter, and necessitates procedural guidance. Herein, suffice it to state, that the moderator possesses ample powers to take appropriate and procedural measures to insure decorum. By statute, he also is invested with necessary authority to regulate the

Seven Vie For Two Seats On School Committee

Vacancies: 2

Description Of Office:

Five-member board with staggered three-year terms. Members serve with no pay. The school committee meets on the second and fourth Tuesdays of each month and its meetings are open to the public. The committee is charged by the state with overall responsibility for educational policy, school budget, curricula, the appointment of personnel and the setting of salaries. The committee administers all school properties and must approve plans for new buildings. The committee chooses the superintendent of schools and appoints special citizen committees when necessary to assist with special problems.

Questions Asked School Committee Candidates

What alternatives do you support to the present and potential problem of overcrowding in the junior high schools?

What goals of educational philosophy would you promote if you are elected to school committee?

proceedings, decide questions of order, as well as preserve the order and dignity of the proceedings.

Question 2: It is my feeling that the open town meeting form of government would be better suited to Andover. This open town meeting assemblage is not a representative body, but a pure democracy, where the citizens, as to matters within their jurisdiction, administer the affairs of the town in person. Moreover, town meeting assemblage is primarily a legislative body. The action it takes relates to a great variety of subjects of local interest, including matters pertaining to the town boards and departments, library, town hall, schools and other public property, construction of sewerage and drainage systems, enactment of by-laws, conservation, and improvement of highways, etc. And, a most significant function available to each qualified citizen at the open town meeting is the right to participate in financial legislation, that is, the appropriation of money for town activities, including support of the schools, and the authorization to borrow money when it becomes necessary to do so. However, it is to be noted that my sentiments in favor of open town meeting will, of necessity, lessen as the town grows in population, and the town meeting assemblage becomes unwieldy and ill-adapted to the expeditious and thoughtful handling of business. Then, in such an event, it is appropriate to consider representative town government.

School Committee Contest Note

RICHARD L. HUBBELL, 74 Wild Rose Drive, has decided not to seek election. Although he is not a candidate, his name will appear on the ballot because it was not removed in time.

Francis J. Hill, Jr. for School Committee (Incumbent)

Age: 43

Address: 53 Parish Drive. Occupation: Responsible for computer hardware training and software maintenance for the international computer service network of the Raytheon Service Company. Education: B.S. from Stanford and a M.S. from Northeastern University, both in mathematics.

Public Service: Andover school committee 1970-1973.

Question 1: I would support the expansion of the present high school building by means of an addition which completes the quadrangle on the present building. Consistent with my belief that educational programs should be flexible to allow for alternative learning styles, I believe that such an addition should be designed to allow for present and future alternative programs. My position is also consistent with the building alternatives presented in March 1971 at town meeting; that plan called for an addition to the high school as the first phase of developing an educational park at the Shawshoan Road site. I believe this approach will maximize our ability to accommodate student population changes and minimize the town's investment in land and buildings.

2) If re-elected to the school committee, I will continue to support the continuous progress educational policy set by the school committee in 1967. I believe that this approach is best suited to treat individuals as such and to deal with individual learning styles and problems. I will continue to support flexible space because: (1) it enables us to meet our educational goals which include not merely basic skills but also personal awareness and independence, interest development, physical fitness, and vocational orientation; (2) it permits better utilization of our excellent teaching staff and the inclusion of paraprofessionals; (3) it reduces the constraints which existing construction places upon an evolving program.

I believe that the internal problems which we have relate to implementation rather than concept; and the external problems to communication. There have always been, and always will be, communication problems in the community. I have supported and will continue to support any reasonable means to keep the community abreast of school department problems and progress.

Public Service: Director of Lowell

Question 1: After the recent report of the School Year Committee support the construction of the addition at the Junior High School present and overcrowding.

The economic report showed that the least cost construction chose to build differential small and because will weaken the junior high curricular program these programs great deal to help them to do community responsibility, I would also the addition that

School Committee

(Continued from Page A-2)

**John F. Lyons
for School Committee**

Age: 46
Address: 5 Rennie Drive.
Occupation: Owner and manager of the Professional Management Center, Andover
Education: Graduate of Lawrence High School, attended Williams College, Graduate of Holy Cross College with B.S. degree.
Question 1: With the declining birth rate the problem of overcrowding should be a short-term inconvenience. The junior high enrollment should peak at 1,900 students by 1977 (present enrollment 1,580), and then begin a downward trend. Much dedicated study and statistical analysis has already been done on this problem. Possible solutions are:
1) The 45 - 15 plan, where 75% of the students are in class 100% of

**Harvey W. Steen
for School Committee**

Age: 42
Address: 5 Meadow Brook Drive.
Occupation: Director of manufacturing, Polyvinyl Chemical Industries, Wilmington, Mass.
Education: Bachelor of chemical engineering, Cornell University.
Public Service: President and director of Temple Emanuel of Lowell - 6 years.
Question 1: After careful study of the recent report of the Extended School Year Committee, I would support the construction of an addition at the high school - West Junior High site - to relieve the present and potential future overcrowding.
The economic analyses in the report showed split sessions to be the least costly approach, with construction the next cheapest. I chose to build because the cost differential was moderately small and because split sessions will weaken the high school and junior high school extra-curricular programs badly. I feel these programs contribute a great deal to the students and help them to develop a sense of community and a sense of responsibility, two very important characteristics.
I would also favor a design for the addition that would permit a

he time.
2) The multiple trails plan: this produces a longer day and school year, but less student hours per week.
3) Split sessions; one group in a.m. and one in p.m.
4) New construction.
There are advantages and disadvantages to each system. Any choice is going to result in some sacrifice for somebody - student, parent, teacher, administrator, etc.
Considering the economic, educational and social factors involved, it would seem the split session is the most desirable (least undesirable) for the short-term problem.
Constant analysis and updating of statistical information available is necessary to effect the best course for the junior high program.

Question 2: I am concerned about the complete education of the child. This includes textbook knowledge, conduct, discipline, ability to get along with other children and adults, and at the same time showing respect for people, property, and the community.
The elementary and secondary periods are the formative years, the time for young people to learn, to mature, to develop those cultural, social and moral qualities that will remain with them a lifetime. To do this we must have a spirit of friendship and harmony between student, parent, teacher and administration, all working together to provide the programs and environment to produce this civic-minded and responsible member of society.
Andover is a wonderful town in which to live. Let's keep it that way, with a school system that educates and also trains the child, at a price we can afford, in an atmosphere befitting the greatness of Andover.

four year high school with a middle school handling grades six, seven, and eight. The arrangement would permit a sensible grouping of students by compatible ages and interests.

Question 2: I believe that education should start from where the child is now and continue in the style that fits the child best. The system has to provide sufficient alternatives to supply the needs of our children, whether they require more structure, more flexibility, or special tutoring.

Education must improve continuously by modification - bringing in superior new ideas while retaining or reviving effective old ones. All changes should be made after solid planning, when standards of performance, testing and timing have been established, with consideration for teacher preparation and when cost factors have been analyzed.

The facilities at each school must be capable of carrying out the program efficiently in all areas of town. Inadequate schools should be upgraded quickly to be fair to all students.

The teacher and the community must be kept informed and be brought into the development of the educational program in the most constructive way.

And last, the school system must prepare and motivate the students to select useful careers and work along with the home to develop in each student a sense of discipline, self-esteem and respect for others.

**Gary A. Townsend
for School Committee**

Age: 21
Address: 11 Longwood Drive.
Occupation: Undecided at present.
Education: 13 years (1957-70), Andover public school system.
Question 1: The problem of overcrowding in the junior high schools should be handled the

Gary A. Townsend

same way overcrowding in any of the other schools in town should be. That is, by introduction of the open classroom method of instruction. In the traditional method, one seat per pupil for the entire school day must be provided. This is, of course, a lot of seats and a lot of space. In the open classroom system a student would not necessarily spend his entire day at school, but only part of it. The rest of his time would be spent on individual study projects, field trips with interested volunteer parents, and in the case of high school students, in work-study and apprenticeship programs.
Thus, the number of students in a particular school building at any one time would be much less than at present, thus doing away with the need for new buildings.

Question 2: The goals of my educational philosophy, like the goals of other educational philosophies, are to properly prepare children for life. It differs, however, in that I would prepare them for life by making them a part of it, rather than cutting them off from it as the traditional educational system now does.

**Caroline Howes Weinroth
for School Committee**

Age: 35
Address: 69 Cross Street.
Occupation: Home-maker, mother of six.
Education: Attended Abbot Academy, The Masters School (Dobbs Ferry, N.Y.), Simmons College and Columbia University College of Physicians and Surgeons.
Public Service: Incorporator and past president of the league of Women Voters, Town of Mount Pleasant, N.Y.; West Elementary School PTO school board representative and PTO treasurer; member, West Parish Church Women's Evening Circle; Lawrence General Hospital Aid Association.

Question 1: Presently West Junior High has 836 students - East Junior High has 744. The ideal cited for satisfactory enrollment capacity is 700 for each. Overcrowding exists now and according to population trends predicted by the planning board and Extended School Year Committee increases in students, due to a declining birth rate, will occur as a "wave effect" at the secondary level over the next five years. Solutions for the

problem were studied by the Extended School Year Committee. Results presented to the school committee show two solutions to have the most merit. One plan would be to remove the 9th grade from the two junior high schools - solving the overcrowding problem at that level. The change would necessitate a split session schedule at the high school. The 11th and 12th grades would attend in the morning (freeing the older students for either part-time work or community projects in the afternoon). The 9th and 10th grades would attend in the afternoon. The second alternative is to build additional facilities costing at a low guesstimate three to four million dollars. These and other solutions should be carefully evaluated by the school committee and administration in relation to community desires and economic feasibility.

Question 2: I believe strongly that children must be educated for the future. More will occur in this technological age over ten years than has transpired in the past century. We must help children to be flexible, responsive, tolerant and most important, they must be able to educate themselves - to know how and where to look something up - to teach and reteach themselves in the various skills needed for the future. One has only to look at the old familiar guidelines of religion, society and education to realize that self-education, self-sufficiency, self-discipline and self-awareness are all aspects of the future. We must give increased guidance to help children as they go through childhood to adulthood. We must continually evaluate and monitor programs in schools to determine their value educationally, socially and personally to children. We must be aware to meet the challenges facing us and to increase participation of people in educational processes. We must be willing to listen and to communicate with each other. No school committee or administration should place itself on a pedestal, but should communicate with the public - taxpayers and parents - on matters concerning our pocket-books and education of our children.

**Joanne White
for School Committee**

Age: 19
Address: 5 Summer Street.
Occupation: Student at Lowell State College.
Education: Graduate of Andover High School.
Public Service: Helped Spanish-speaking children to learn English in Methuen and helped introduce French and Spanish to elementary students.
Question 1: I believe an intelligent solution to the problem of overcrowding can be arrived at only when all of the facts are researched. This research would include a close investigation into the present overcrowding situation and a more thorough investigation into the expected student enrollment in the near future. After this is accomplished, several alternatives are opened up to us. One possibility would be to use all of the present space to its maximum capacity. Another possibility would be the utilization of leased space in buildings other than within the school system, in order to resolve the problem if it is only going to be a temporary one. The third possibility would be to investigate whether or not our research deemed it imperative to establish a capital outlay for the expansion of the present junior highs.
Question 2: In addition to those points mentioned in my declared platform, I would work to implement at the correct stage of development a curriculum more

Joanne White

relevant to the changing demands of today's society, more career-oriented guidance, greater attention to each child as an individual with unique potential. All this to be effected in an atmosphere which influences a child to respect the rights of his fellow students.

**John G. Wragg
For School Committee**

Age: 39
Address: 10 Standish Circle
Occupation: Program manager, Avco Corporation
Education: Mount Herman; Yale, B.S. and B.E., Master of Engr.; Candidate for MBA at Northeastern University.
Public Service: A.V.I.S.
Question 1: In general, based on Andover school population trends in the recent past and comparable statistics nationwide, there appears to be a strong case for going slow on new school construction. Careful analysis of entering and exiting populations and the decreasing growth rate of the school system as reflected in recent school documents must be intelligently compared with over-all plant utilization. Cost trade-offs can then be conducted between (1) temporary solutions for short-term peak conditions, and (2) new construction for substantiated cases where significant sustained growth in the school population is projected. There are nearby communities with nearly static school enrollments. While Andover is not yet at this point in its growth, prudent planning dictates a cautious approach to future new construction to preclude over-expansion.
In particular, some additional schooling capacity will probably be needed before 1980. To meet near-term peak needs and minimize the annual incremental cost, a split session for the high school (grades 9-10 in the morning and 11-12 in the afternoon) could be implemented. Grades 7-8 would then use the present junior high buildings. Requirements for a new building could be evaluated and if positive, plans could be drawn.

Question 2: Our school system is an extension of the home. Thus, their respective learning environments should be related and their experiences and problems exchanged. Good education comes not from quality

(Continued on Page A-4)

A-4 School Committee

(Continued from Page A-3)

teaching alone, although that is fundamental. Respect for others, an understanding of the environment, pride in self-performance and appearance, perseverance in addressing unpopular tasks, self-discipline - a good education encourages and develops these. The educational background is further enhanced by exposure to the arts and athletics.

From the above the following goals evolve:

1) Provide a quality education for all students, whatever their objectives, with a strong accent

on the basic tools they will need for a productive adult life.

2) Respond to feedback needs of the community - rotate school committee meetings among the schools and allow time for open discussion.

3) Restore pride, confidence and respect for others with an improved code of appearance and conduct.

4) Accept fiscal responsibility - establish a list of priorities, establish true zero - baseline budgeting, account to the community for significant budget deviations, eliminate costs that do not meet the test of educational value.

5) Provide the community with an open accounting of scholastic progress and useful comparisons of system status versus expenditures.

Question On School Janitor Civil Service

QUESTION: "Shall the town vote that janitors of school buildings be placed within the classified civil service?"

YES:

Surrounding communities are on civil service. The custodians are, in fact, the only group not in civil service in this town. This group includes police, firemen, board of public works and other various departments.

Civil service will extend to the janitors a security they have never had. Having this would create a much better feeling of closeness throughout our department.

George Connors
President
Andover Public Schools
Custodians Association

NO:

Approval of civil service for our school janitors will provide these employees with a second and unnecessary system of job security while seriously hampering school officials in efficient administration. Our school janitors are now unionized and their collective bargaining contracts can adequately provide job security, recognition of seniority and a method of handling promotions. If civil service is approved a janitor aggrieved by reason of failing to

achieve a promotion, or having been demoted, suspended or dismissed may choose either the grievance route to arbitration by a state agency or a private arbitration organization or the civil service route to the Civil Service Commission and the courts. Failing to overturn his employer by one route he is free to start anew and follow the alternate route, a dual protection unionized workers in the private sector do not have.

Civil service law, regulations and procedures will require school officials to file numerous forms when appointing, promoting or terminating the services of the janitors. This process is exacting, time consuming and frustrating. Civil service provides no aid in recruiting and very little in screening of those entering the service in a position classified in the labor force. Authorization to make appointments to those positions requiring written examination may take from one to two years.

In summary, extending civil service to the janitors will offer no protection that cannot be provided through collective bargaining, while creating additional administrative red tape.

J. Maynard Austin
Town Manager

Scout Council.
Statement: The Greater Lawrence Regional Vocational Technical High School has been in operation since 1985. Original construction provided for a student body of 600 and per authorized agreement there were no restrictions as to student selection from the member municipalities. This means Andover is not limited as to its student enrollment. Admittance is granted to those best qualified to succeed. An expansion to the original building will soon provide for a student body of 2000. The original curriculum and new courses now being offered are designed to best serve the student and our economic community. Since the first graduation we have had 100% placement for the graduates.

Andover Housing Authority

Vacancy: 1

Description Of Office:

Five-member board with staggered five-year terms. Four are elected by town voters and one is appointed by the state housing board. The members serve with no pay and meet on the second Thursday of each month. The meetings are open to the public. The housing authority has overall control over all public housing in Andover, including those units for veterans and the elderly and any subsidized housing.

Questions Asked The Candidate

What is your position regarding subsidizing existing housing for low and moderate income families?

Explain briefly the eligibility requirements for admittance to public housing in Andover. How would you interpret these?

**Winston A. Blake
For Housing Authority
(Incumbent)**

Age: 69

Address: 5 Stratford Road
Occupation: Retired for three years from food brokerage business.

Education: Northeastern University, B.B.A.

Winston A. Blake

Public Service: Housing Authority, two terms.

Question 1: I am in favor of subsidizing existing housing for low and moderate income families in Andover. The housing authority has tried to subsidize some apartments in Andover but so far none of the apartments passed the town inspection.

Question 2: Elderly housing: Admission limits - one person up to \$3500 per year income. Two persons up to \$4000 per year income. Continued occupancy - One person up to \$4000 per year income. Two persons up to \$4500 per year income. Veterans housing: Admission limits - families with 2 or less, up to \$6500 per year income; families with 3 or more, up to \$7500 per year income. Continued occupancy - families with 2 or less, up to \$7500 per year income. Families with 3 or more, up to \$8500 per year income.

This supplement paid for by The League of Women Voters of Andover who wish to thank the Andover Townsman for their special cooperation in making this issue possible.

LOOKING TO THE FUTURE: The development of Main Street is one of the questions posed to candidates for selectman.

Trustees Of Regional Vo-Tech School

Vacancy: 1

Description Of Office:

The board of trustees consists of seven members with staggered terms. It is comprised of one member from Andover, three from Lawrence, two from Methuen and one from North Andover. The Andover member serves for three years, and all board members serve without pay. The board holds public meetings on the second and fourth Tuesdays of each month. Under state statute, regional school boards have all of the powers and duties conferred by law upon local school committees.

**Fred S. Tarbox
for Trustee
(Incumbent)**

Age: 54

Address: 18 Cutler Road.
Occupation: Chairman of the Board, J.H. Horne & Sons.
Education: University of Maine 1942, mechanical engineer.
Public Service: Chairman of Regional School District 1959-1970; member of regional school district 1959 - present (Greater Lawrence Regional Vocational Technical High School);

Fred S. Tarbox

member, Mass. Advisory Council on Vocational and Technical Education since 1969; Past President, North Essex Council B.S.A.; 1st vice president, Lawrence Y.M.C.A.; director, Bon Secours Guild; past chairman, Greater Lawrence Manpower Committee; member, building committee for North Andover-Andover Y.M.C.A.; trustee, Lawrence Savings Bank (member of board of investment); executive board member, Merrimack River Girl

Beacon Hill Observations

By Bill Kirtz

Seeing "a fair amount of male chauvinism" still existing among Massachusetts storeowners, State Sen. Chester Atkins is renewing his fight to give women the same credit status as men.

Is his campaign merely a headline-hunting offshoot of the Women's Lib movement?

The Acton Democrat says no, that it's a fairly major problem which should be resolved by legislation.

His bill would forbid stores from denying, cutting off or undercutting anyone's credit or credit status because of sex of marital status.

For single women, it's not that bad a problem, Sen. Atkins says, although he does recall that one witness at last year's hearing on the bill complained that a single woman can go off and get pregnant while a single man can't.

But for divorced women or working women whose husbands don't have a good credit rating, the denial of credit can be a big headache.

Sen. Atkins notes that various bills prohibiting sex discrimination in hiring, public accommodations (mortgage loans) and insurance applications have passed the Legislature in recent

years.

"But they don't cover the most important credit of all," he believes: "credit cards. Last year, this bill got through the Banks and Banking Committee and the House, but a merchants' lobby killed it in the Senate by saying they'd take care of the problem on their own. They never did."

Why should merchants object to easing restrictions on credit cards? The more cards, the more business for them, right?

Sen. Atkins relies that stores have to go to some trouble to give men and women an equal credit chance, since different forms are required. Now, the standard application focusses on a man's employment record but not the standing of the person most apt to use the card: his wife.

More than 30 million American women hold full-time jobs, and millions more work part-time, say advocates of equal rights.

And Sen. Atkins gives one example of what's happening under present credit regulations:

"There's a woman I know who's a successful lawyer, whose husband is in financial difficulties. She's trying to help him out. He can get credit, but she can't."

Availability of materials is a tremendously important part of an open classroom, but so are the communality of many children and teachers sharing achievements, experiences, techniques, and problems, and learning to live together. That's where the self-discipline grows, out of responsibility to self and others.

Signed,

(Signatures of 25 Staff members filed with the Editor. Signatures withheld due to space limitations.)
(P.S. This letter has not been cleared with Principal Ed Regan or with Dr. Seifert.)

To the Editor of the TOWNSMAN:

I would like to commend those men who operate the snow plows for the town of Andover. I think they do a swift and efficient job of clearing the streets of snow. However, I, as well as many other Andover residents, object to these operators knocking down mailboxes (which was my case during the last storm) and plowing right up to and destroying the snowmarkers which some people strategically place at the edge of the street as a guide. These operators could do well to use a little more judgement in their work.

18-Month Budget For Essex Aggie

The trustees of the Essex Agricultural and Technical Institute are submitting a budget of \$3,374,717.69 to the Legislature for the operation of the Institute during the 18-month period ending June 30, 1974.

This unusual budget situation for a period of 18 months instead of the usual 12 reflects the full impact of expanded educational programs, especially in the college division, built-in salary increases, provision for salary adjustments as agreed through collective bargaining, and inflation.

Adjusted for the fact that this new proposed budget is for 18 months rather than 12, the increase over the 1972 budget is approximately 35 percent. However, for this equivalent period, the request is only 10 percent more than the 1972 request, which was cut from \$2,033,538.98

What Our Readers Say-

To the Editor of the TOWNSMAN:

Open education has been around for many years, and those of us who felt that the general philosophy was part of what was needed in schools, and felt that the contained classroom lacked too much for too many Andover children, applied for Bancroft when the positions were posted in the system. That's the only reason we are here.

In the beginning our enthusiasm prompted us to attempt too much too soon. Both staff and children were a little confused. Neither of us had the experience to properly utilize the building. We are now ready to share our experience, so that there is no need for this to happen again in Andover. We learned, because we knew that basically this offered the greatest advantage for education.

After a fumbling start, both teachers and students began to learn the advantages of self-control. As a result, today we have a complete school, learning in the areas of self-discipline as well as the vital basic skills.

We of Bancroft feel that the openness of our school provides opportunities that are unique: a child in an open area with several adults can go for help to the one with whom he identifies. All children are exposed to different personalities and styles of teaching. Children learn in many different ways, not only from different people. Some children and some activities call for places and rooms apart. We are grateful that we have these.

We realize that basic skills are basic. Working with the individualized programs as a foundation, we use supplementary texts, we use open and closed spaces, and all the materials and approaches and styles our group can devise to get these basic skills across. The ease our open space gives us to group and regroup is a definite advantage. When a large group of children is working with several teachers, each child has options available to him that can significantly improve his learning performance.

Also, we share our problems, so that when many people are aware of a problem, we can reinforce each other in helping the child.

SCHOOL LUNCH MENU

Andover

Winter vacation. No School.

North Andover

Tuesday - beef ravioli with meat sauce, buttered green beans, bread and butter, sliced peaches and milk.

Wednesday - High school and Atkinson: chuck wagon patty on roll with catsup, buttered mixed vegetables, gelatin with fruit and milk.

Kittredge and Franklin: chuck wagon patty with gravy, fluffy rice, buttered mixed vegetables, bread and butter, gelatin with fruit and milk.

Satellite: meat balls with sauce, potatoes, buttered corn, bread and butter, gelatin with fruit and milk.

Thursday - frankfort on roll, relish and mustard, tossed green salad, chips, yellow cake with mocha icing and milk.

Friday - pizza with cheese, cabbage and carrot slaw, 1 slice bread and butter, spice cake and milk.

to \$1,654,937.40 by the State Legislature.

Personnel salaries in this 1973-74 budget total \$2,296,925.35. This amount includes \$159,253.75 which reflects the full effect of new positions established in the fall of 1972. It also includes \$26,614.30 for normal step increases, \$3,000 for new Master's degree holders, \$74,680.25 chiefly for adjustments incorporated into the collective bargaining contract, \$1,200 for Doctor's degrees, \$1,980.69 for reclassifications, and \$108,851.20 for new positions.

These new positions, which have been approved by the Trustees, include, for the normal development of the college division programs, one horticulture instructor, one animal science instructor, two home economists, two ecology instructors, one health science instructor, and an assistant to the Dean of the college. Other positions include one part-time athletic director, two part-time academic instructors, and two senior clerks.

In preparing the budget, the Trustees cut the Director's proposed increases to the normal personnel budget by eliminating six out of 14 up-gradings, and 15 out of 19 reclassifications. All but five of the positions included in these two categories were established as a result of collective bargaining with Institute teaching personnel.

The big cut of \$81,176.85 made by the Trustees was for proposed new positions: 12 full time positions were approved out of 20 requested by the Director, and 10 part-time positions out of the 28 requested. If allowed, these requests would have totaled \$190,028.05, but in the interests of austerity the Trustees approved only those positions considered as vitally essential at a cost of \$108,851.20.

Youth Forum Is Scheduled

A forum will be provided for the exploration of ideas and feelings on subjects of concern to youth 15 to 18 years of age who come to participate.

Wilfred Harvey and Robert Maker of the Greater Lawrence Community Drug Council, Inc. will lead the open discussions on Monday, 7 p.m. to 9 p.m. at the Andover Storefront, Shawsheen Plaza, North Main St.

An Explanation Of New Services In The Budget

By Gary C. Ralph

If we discuss that area of the budget that reflects the most direct community service in the Recreation / Community School Department budget this year, we would concentrate on a section titled Contractual Services.

The Contractual Services category normally is defined as that section of the budget from which money is expended for services rendered under a previously agreed (contracted) figure. Line divisions in Contractual Services typically include such items as utility services, communications, transportation, printing, maintenance of buildings, and other services. The expenditure for this category in 1972 was \$14,705. In 1973 and one half of 1974 our request is \$74,985. This sounds astronomically high but before judgement is passed, let's examine the reasons for the increase.

For ease of discussion, we will talk of twelve months expenses, and exclude the six months of 1974 that is carried on this first 18 months budget. The single largest part of the increase is a result of the instructors and supervisors fees for the community school recreation and enrichment program. Employment of an estimated 160 instructors and supervisors (with 20 - 25

from \$50. to \$400. per employee. The average salary at present is approximately \$175. for 20 hours of instruction over 10 weeks. Salary is determined by experience and expertise. I should point out that of the \$25,000, for contracted personnel, \$12,000. was the result of absorbing the School Department's Adult Practical Arts Program in the Town Recreation / Community School Budget. Thus, I am actually asking for an increase of \$13,000. for new Recreation / Community School programs.

I would refer to the fact that the Department will collect an estimated \$6,000. in users fees, for twelve months of operation. The \$6,000. collected is indicative of a user fee policy which emphasizes that half the class program costs will be borne by the registered participant. This policy insures the tax payer that he is subsidizing only one half the estimated increase necessary for instructors and supervisors.

I hope these figures are concise and presented so that each voter knows how and where the requested increase will be spent. But should there be any questions, I hope you will feel free to call me or stop by the office for an explanation. I believe the Recreation / Community School Department

budget reflects the interests of the majority of the community.

volunteers) accounts for \$25,000 of the \$324,000 requested. For our non-volunteers, salaries range

JOHN G. WRAGG

For School Committee

John G. Wragg

DEAR NEIGHBOR:

Let's take a look at the school committee race. One thing we can all agree on - a school system ought to teach. Whether the system is "open", closed, progressive, or individualized makes little difference. Students may love it, teachers may find it exhilarating, but if the student does not learn the system is worthless and the learning experience is like your last shower - pleasant and refreshing, but soon forgotten.

The Committee tells you that the "open" concept is the issue. Not so. At issue is the quality and quantity of your children's education, and there are solid

reasons for believing that our system is not meeting minimum objectives with respect to quantity or quality of education. Unless some changes are made in the makeup of our School Committee we will continue to fail in this respect. With one exception no one on the committee wants to change this melancholy prospect.

Only the committee can make the necessary changes, and since the committee proposes no change in philosophy we must change the Committee. I want a seat on the Andover School Committee so I can initiate and implement the necessary changes. Tax money comes bigger and harder every year and I would like to see - as I know you would - some sort of meaningful return on our education tax dollar. On election day vote for John Wragg and do your part in changing school committee philosophy.

Yours for Education

Not Just "Program",

John Wragg

CHECKING nomination papers of candidates for student council at the Kittredge school, North Andover is faculty member Robert Welch. Candidates are Sean Gallagher and Marguus Cranston.

Campaign At Kittredge

While many in the community are busy with the upcoming town elections a group of budding politicians have been busy this week anticipating the opening of the polls at the Kittredge school, North Andover Friday morning.

The school will have a student council following the election on Friday and will assist in making suggestions as to school

improvements in the areas of special programs, cafeteria behavior, ecology programs for the buildings and grounds, recess programs and matters generally concerning the good of all the students.

The young candidates, in order to get on the ballot, had to obtain nomination papers, obtain valid signatures in the usual fashion

and submit them to the school administration.

The papers were returned on Monday and campaigning got underway with posters and occasional speaking engagements scheduled through today.

Tomorrow morning the pupils will be checked off as they go to the polls to select their councilors.

Top Teams Register Victories

The top three teams in the Senior Division of the Andover Church Basketball League all registered victories last week, as the 1972-73 season headed into the homestretch.

First-place St. Augustine lifted its record to a perfect 6-0, whipping stubborn West Parish B by a 31-14 score.

The defending champs held a slim 6-5 edge after one quarter, and were nursing a 20-10 advantage before opening the game up in the final period.

John Fox was the lone player in double figures with 12 points. John Zemis added 8 points for the winners, while Kurt Reming collected 5 points, Tim Meyers 4 and Shawn Reming had a single basket.

Mark Moriarty, Paul Rindone and Joe L'Italien also starred for St. Augustine.

Randy Hayman dumped in 9 points to spark the West B attack. Brad MacGowan chipped in with 4 points, and Kirk Sweeney rounded out the offense by swishing a third quarter free throw.

Bob Kramer and Jim Williams contributed excellent floor games for the losers, who dropped into fourth place.

Second-place West Parish A (5-1) rebounded from its first loss to trample Free Church, 63-18.

The issue was never in doubt, as West A raced to a commanding 19-2 lead after the opening stanza.

Mark Davey powered the high-scoring charge with 22 points. He had ample support from Paul VonSacken with 13, while Bob Murgia tossed in 9 points and Glen Brody hooped 8 markers.

Dana Cohen fired through 4 points, Ray Rau and Tom Comparato netted 3 apiece and Bill Martin hit a second period foul shot.

Jack Manning was the big noise for Free with 10 points. Mark Hamilton arched in 6 points and Lamont Rodgers had the final

two-pointer.

Bill Carver and Mark Budd were other Free standouts.

Third-place St. Robert's (4-2) captured its fourth straight win by bombing South Church, 66-7.

The victors put things out of reach early, bouncing out to a lopsided 16-2 lead after the first seven minutes of action.

All eight St. Robert's players cracked the scoring column, led by Ken LaFleur with 16 points. Joe Terrion stuffed 12 points and Larry Weitz found double digits with 10 markers.

Tom Saunders flipped in 7 points, Mark Scammons and Dave LaFleur pumped through 6 each and John Carroll had a free throw.

South received single buckets from Randy Glines, Jim Hamilton and Russ Glines. Dave Yagmoorian connected on a second quarter charity toss, while Craig Harrison also played well.

Commission In Tribute To Judge

The Essex County Commissioners have adopted a resolution honoring Chief Justice John A. Costello of Andover, who recently retired from the probate court post.

The resolution reads:

At a meeting of the Essex County Commissioners held on January 23, 1973, it was unanimously VOTED:

That resolutions be drawn in tribute to Chief Justice John A. Costello, on the occasion of his retirement from the bench. Said resolutions to be spread upon the records of the Essex County Commissioners, a copy to be posted at the Probate Court in Salem, a copy to be forwarded to

the Andover Townsman, and a copy to be forwarded to the said Chief Justice Costello.

WHEREAS, Chief Justice John A. Costello served the County of Essex and other Probate Courts throughout the Commonwealth of Massachusetts for a period of 34 years, in a most humane, exemplary, conscientious and competent manner, and,

WHEREAS, he dispersed justice in a fair and impartial manner ever mindful of the rights of the individuals and families that came before his bench for guidance and judgment, and,

WHEREAS, Chief Justice Costello was held in high esteem both by members of the legal profession who practiced in his courts and by his fellow justices for his keen knowledge of the law and for the highly ethical, fair and dignified manner in which he conducted court, and,

WHEREAS, he had the complete respect and admiration of the present board of County Commissioners and all commissioners down through the years for his complete cooperation with them in matters affecting the operation of the Probate Court in Essex County.

NOW, THEREFORE, Be It Resolved, that the Essex County Commissioners and all the court connected personnel at the County Seat in Salem, extend to Chief Justice Costello, their heartiest congratulations for a job well done and wish him a long, happy, and fruitful retirement.

Under MDTA Institutional Training, workers go to school to learn the skills they need to get and hold a job.

Reception Scheduled Monday

Washington's Birthday for many years has been celebrated by the Andover Historical Society with a President's Reception.

This year again, on the legal holiday Monday, February 19, the Society will hold its reception from 3-5 p.m. at the Deacon Amos Blanchard House, 97 Main Street, Andover. President and Mrs. Thomas A. Emmons will head the receiving line. Refreshments will be served by the committee headed by Mrs. George D. Walsh.

A most interesting display of old lace has been arranged, not only caps, collars, veils, and such, but an educational exhibit of many types and kinds of lace, classified by name.

Abbot To Present Mikado

The Music Department of Abbot Academy will present the opera "The Mikado" by Gilbert and Sullivan on Friday and Saturday evenings, Feb. 16 and 17 at 8 p.m.

Co-directed by Mrs. M. Andrew Johnston and Mrs. William McCahill, the cast and choruses will include many local Abbot and Phillips Academy students. Yum Yum will be played by Wendy Mathews of Andover; Peep-Bo by Ann Spader of North Andover. In the chorus will be Barbara Bangert, Susan Lambiris, Mary Jo O'Reilly and Mark Johnston, Andover; and Felicia Elias of North Andover.

Accompanists will be M. Andrew Johnston of Abbot and Rolf Bertsch of Phillips Academy. The two performances are free and local residents are cordially invited to attend.

C.A.R. Plans Luncheon

Samuel Osgood Chapter, Society C.A.R. will hold a "Washington Luncheon" Wednesday, Feb. 22, at 11:30 a.m. at the home of Mr. and Mrs. W.F. McKissack, 20 Hemlock Road, Andover. Members of the committee include Mrs. Edward M. Harris and Mrs. Herbert C. Witzgall.

Samuel Osgood Chapter is named after Samuel Osgood, who was born in North Andover, Feb. 15, 1748. He served as a Captain of Minute Men at Lexington, later became a Congressman and was the first Postmaster General.

Any new residents who are members of the National C.A.R. are cordially invited, for reservations contact Mrs. McKissack.

Fire Log

The following is a report of the activities of the Andover Fire Department between Feb. 6 and Feb. 12.

Feb. 6 - 9 Red Spring Road, Jean Connor, refrigerator leak.

Feb. 7 - 195 North Main St., Thomas Curtin, dumpster fire.

Feb. 8 - 269 North Main St., Robert Carr, mattress fire; 90-C Washington Park, Mrs. Mary Shea, coffee table fire.

Feb. 10 - Stevens St., Dasa Inc., frozen sprinkler head.

Feb. 11 - High Plain Road, Theresa Murray, car fire; Valle's Steak House, W.H. Friedsam, car fire; off York St., B&M RR, brush fire; 32 North Main St., Town of Andover, waste basket fire.

Feb. 12 - Box 663, false alarm.

The Andover Fire Department ambulance responded to six calls during the same period.

Volleyball For Women Set

The Andover Recreation / Community School Department is offering free play basketball and volleyball for women at the West Elementary School gymnasium. The women meet Monday evenings from 7:30 to 9 p.m. There are currently 12-15 women attending and they would like to increase their number to 25. Anyone interested may contact the Recreation / Community School Department in Town Hall or may speak with the program coordinator Miss Pat Prentiss on Monday evening at the gymnasium.

Music To Our Ears

In some ways action is more important than dialogue. The statements, "action speaks louder than words" and "to see is to believe," have real meaning. The superior play is one in which the characters, situations, and conflict are visibly expressed for the audience.

Assuming that the artist goes beyond the mere indulgence of his own creative desire for self-expression and wishes to communicate his ideas to a

viewer or listener, he must follow an artistic process which gives meaning to his work. The need for clear communication is more intense in drama than in the other arts.

The dancer may be satisfied with creating an impression upon the viewer without insisting that a particular meaning be communicated. In music, the most abstract of all the arts, the

composer may be totally unconcerned with the effect that his music has upon a listener. In drama, with certain notable exceptions, the author writes for the audience. His prime purpose is to project his interpretation of life clearly, so that the experiences of the characters in the play may be shared by the spectator. To do this successfully, the playwright

must follow the universal artistic process in adapting life to the stage. Selections, rearrangement and intensification are key steps in the creation of a work of art.

After the initial imaginative concept, the first major step the playwright takes in the creation of a play is selection. The conflict, the characters, the situations, all must be selected with the greatest of care.

ONE-O-ONE SHOE REPAIR

Students Report What's Right

What's right about the high school and its student body?

A lot, according to Debbie Gordon and Susan Riberdy, a junior and a senior at the high school, but it doesn't get enough attention and appreciation.

Debbie and Susan, members of the child development class, came out of a session their class

had with Superintendent Dr. Kenneth R. Seifert determined to make up a list of the good things going on at the high school, and to collar a reporter to give them publicity.

Why? They questioned Dr. Seifert about why the high school couldn't have an open campus program, in which students are responsible for being in the school for their classes, but not for staying there throughout the school day. The superintendent told them that the Andover public would not favor giving this freedom because of the acts of vandalism and destruction that had taken place at the high school.

This made Debbie and Susan

see red. Debbie, a junior, is the daughter of Mr. and Mrs. Robert V. Gordon, 33 Lincoln St., and senior Susan is the daughter of Mr. and Mrs. Raymond Riberdy, 19 North St.

"There are 1400 students at this high school. Its just a very small minority - just a couple of groups - who are causing the trouble. Everyone knows that."

The girls estimate that minority at less than 50. "Yet that sort of thing is what gets the publicity, instead of the constructive activities that most of the other 1350 students are involved in."

So they collared a TOWNSMAN reporter to reel off the following list, which they say is incomplete, at that:

1. Youth For Easter Seals. More than two dozen students are helping the area Easter Seal office by getting together a Wheelchair Booklet to be given to physically handicapped people. Students are researching and listing which Greater Lawrence stores, banks, theatres, churches and other public buildings have wide enough doors and aisles for wheelchairs.

2. The Russian, Spanish and Latin Clubs have been tremendously active. The language clubs combined to raise funds for Nicaraguan relief. The clubs plan projects to raise money toward students' expenses for vacation-week trips to foreign countries under faculty sponsorship.

3. The Ecology Club is setting up an ecology seminar curriculum with South School for fourth and fifth graders, under faculty supervision and approval. The new curriculum, "Interrelationship of life and what man must do to improve the future of mankind and his environment" will be used in the other elementary schools as well.

4. The Horsemanship Club offers lessons to interested students, and also gives them demonstrations on the grooming and care of horses. Trail rides are organized, and also trips to shows to see the essentials of top performance.

5. Over 300 members of athletic squads have responded to Athletic Director Richard Swift's suggestion of selling pillow-tote bags to raise \$2500 for a 17-station muscle-building unit for the high school. Anything over the top will go toward girls' athletic equipment.

7. The Outing Club organizes mountain climbing and camping trips, has money-raising projects to buy outdoor equipment.

8. Project Hotline, while not officially affiliated with the high school, is run by high school students who man the emergency telephone counseling service under adult supervision every Friday and Saturday night from 6 p.m. to 2 a.m. Project Care and the high school's Honor Society also are collecting clothes for Appalachian children in a Save the Children Clothing Drive in Andover and North Andover.

9. Future Teachers of America are active at the high school, and visit elementary classrooms to observe techniques, and help decide what grade levels they are interested in leading.

10. Future Nurses of America are active and observe in nursing schools and hospitals. Mrs. Marion Davis notes that this year, of 38 seniors taking child development, the largest number ever has already been accepted by excellent nursing schools, including those of Deaconess, Peter Bent Brigham, Massachusetts General and Lawrence General Hospital.

11. The school band and choir have an exchange concert with a high school music department in Connecticut. Besides the regular school choir, Debbie and Susan note, there is an A Capella Choir and the Madrigal Singers.

12. The Faculty-Student Senate

serves as the school's governing body.

13. Cheerleaders and color guards participate in parades and town events as well as football games.

14. The school newspaper, The Observer, is student published.

15. The Chess Club is fairly new and active.

16. The Math Club holds meets with other schools.

17. The Photography Club, has exhibits hanging now in the high school, and teaches students developing and printing techniques.

18. Crime and Punishment class students brought in speakers to debate issues in this problem area.

19. The Silversmiths' Guild fosters the art of jewelry making, pays for its own metal, and offers two series of evening classes for the community.

20. American Field Service Club raises money to help defray costs of the Andover AFS student going abroad, or the foreign AFS student coming to Andover, and helps the foreign students find friends and feel at home here.

21. Educational Involvement sends students to South School to work with elementary students, in a well-established program endorsed by supervising faculty.

22. The Work-Study program involves students in community jobs, part of the day.

23. In the Internship Program, students who have their graduation credits are now working without pay at Greater Lawrence locations. New openings in the spring will put Andover High students into the Consumer Protection Agency in Lawrence.

24. St. Ann's Orphanage volunteers have begun after-school service.

Winter Weekend At College

Winter Weekend XII is more than just a weekend at Merrimack College as a multitude of activities have been planned for students at the North Andover college beginning Wednesday, Feb. 14 and culminating on Monday, Feb. 19.

According to Chairwoman Lorrie Tonsmiere of Westwood, N.J., Winter Weekend XII represents the largest and most festive Winter Weekend in Merrimack's twenty-five year history.

A five week finalist in the General Electric College Bowl in 1970, Merrimack College is once again preparing for scholarship competition, but in a different vein and with a different flair in 1973. This year numerous student teams will be vying against each other in the all day elimination trials of the Merrimack College Trivia Board on Thursday, Feb. 15 in the Perkins Lounge of Gildea Lounge. A junior girls team will test an undefeated senior girls contingent in the Powder Puff Hockey Tournament later on Thursday evening.

Friday's activities will feature a student mixer in Gildea Hall and free skating in the Volpe Center.

"John Sebastian - In Concert" will highlight Saturday's activities. The founder and lead singer of the Lovin' Spoonful, John Sebastian will appear at 8 p.m. in the S. Peter Volpe

Physical Education Center. His concert is sponsored by the Student Government Association.

Following a special showing of the film, Little Big Man at 2 p.m. in the Alumni Hall of the McQuade Library, the social climax of Winter Weekend XII will be the annual semi-formal Dinner Dance at the Andover Country Club on Sunday, Feb. 18 at 7 p.m.

Winter Weekend XII will culminate on Monday, Feb. 19 with a snow sculpture contest in the morning and a 2 p.m. performance by "The Proposition" in the Collegiate Chapel Auditorium. The finals of the Powder Puff Hockey Tournament will conclude the weekend festivities on Monday evening.

On Dean's List

Robert Owen DeBolt of 79 Wildwood Road, Andover, appeared on the Dean's list at Rensselaer Polytechnic Institute, Troy, N.Y., for the 1972 fall semester.

Mr. DeBolt is majoring in the field of aeronautical engineering at RPI.

At Convention

Lyn Loscutoff, director of Camp Evergreen and Ted Boudreau, program director, recently attended the New England Camping Association winter convention at the Sheraton Boston Hotel.

Gentlemen's Night Set For Sorority

The Alpha Phi Chi Sorority of Trinitarian Congregational Church, North Andover, will hold its annual Gentlemen's Night, Monday, Feb. 19 at the church.

Members and guests will meet at the church at 6:30 p.m. for a carry-in supper and entertainment, "Imprints of Greece and Turkey" by Betty Keller.

Earnings At Valle's Lower

Valle's Steak House reported today that sales and earnings for the fiscal year ending March 31, 1973 would be less than originally anticipated. In May, Valle's agreed with analysts' estimates that sales for Fiscal 1973 could increase as much as 18 percent and earnings as much as 25 percent over 1972 results.

Richard D. Valle, president, estimated that 1973 total sales should approximate \$31 million, up from \$28.7 million achieved in 1972.

Andover will be Frank Furnari.

The student council has formed a new Student - Faculty Advisory Committee to improve communications and understanding between the two groups...working with the committee from Andover will be representative Mark Costello...the Math Club made a significant showing in a competition against Lynn English last Thursday...scoring high from this area was Paul Camasso...Austin will face Andover in a hockey game on Saturday...Let's hope that their losing streak will be broken...This year Austin begins its second season in the Merrimack Valley Ski League...Last month I omitted Tom Luceri and Michael Hamel as participants from this area.

The Blackfriars, Austin's Dramatic Group, is preparing for the Catholic High School Drama Festival to be held sometime in March...the team, under the direction of Mr. Vincent Parella and Mr. Roger Stone, has given excellent showings at the Festival in the past...on the Blackfriars from Andover is Kevin McDonald...the plans are being set for future competitions by the Public Speaking and Debate Club...the club recently participated in the Boston College High School C.Y.O. competition...on the club from this area is Joseph Sciacca...Blitz is active at Austin...the Cougar Club encourages Andoverites to attend every Thursday from 8 to 11...plans are being formulated for the gigantic Irish Night celebration to be held on March 17th at the school...call the school for reservations...the Outdoor Sport and Ecology Club is planning a school bowling league...The Legend, Austin's newspaper, came out last Friday...the paper has come a long way and is really improving with every issue...and finally in

the news, Intramural teams are flourishing at Austin this month...participating in the wrestling program is Mark Costello from Andover.

Little League To Register

Registration forms for boys interested in participating in the Andover Little League program this spring are now available in all of the schools in Andover.

Boys between the ages of 9 and 12 inclusive are eligible to participate. Age is to be figured as of July 31, 1973.

The Andover Little League program is divided into two

leagues of comparable population size with each league consisting of a major league division (six teams) and a minor league division (10 teams). Each league also has a separate program for nine-year old boys as well as a Senior League division for boys 13-15 which begins later than the rest of the Little League program.

Tryouts for the 9-12 year old boys will begin on the weekend of March 10th at the Phillips Academy cage. Registration forms must be completed prior to a boy trying out for the program.

Opening day of the Little League season is set for Saturday, May 5.

ECOLOGY CLUB TEACHES environmental seminars at South School, where club President Carnell Cooper leads pollution discussion. Seven high school students planned course, bought filmstrips with club money, conduct seminars twice a week, which will spread to other schools.

The Equal Pay Act was signed into law on June 10, 1963. This Act prohibits wage differentials based on sex after June 10, 1964, for workers covered by the Fair Labor Standards Act (FLSA). The FLSA is administered by the Employment Standards Administration of the U.S. Department of Labor.

Memorial Hall Library

Cancellation

The Creativity Program, scheduled for Wednesday, Feb. 21, has been postponed because of the illness of Primm French's mother. The library will reschedule the program with John and Primm French, teachers and artists from Stockbridge, as soon as possible.

Family Planning

The Health and Welfare Series will present Nina Scarito, M.D. on Feb. 22, Thursday evening, at 8. Dr. Scarito will talk about "Family Planning," a pertinent issue in view of the recent Supreme Court decision. Dr. Scarito, well-known, local obstetrician and gynecologist, is a member of the Merrimack Valley Area Board Family Planning Council. On the staff of both Bon Secours and Lawrence General Hospitals, she has conducted a Family Planning clinic at Lawrence General Hospital for many years. The meeting is open to all and there is no charge.

Unusual Gift

Mrs. C. Carleton Kimball, 4 Central Lane, Andover, has presented to Memorial Hall Library a very generous gift for the use of its borrowers. Mrs. Kimball has given the library a slide projector, a hand viewer, and about one thousand photographic slides taken by her husband. Before his death, he and Mrs. Kimball travelled abroad a great deal and he took many excellent photographs. Nine different countries are represented in this gift. The library is indeed grateful to Mrs. Kimball for making it possible for the citizens of Andover to share in Mr. Kimball's hobby. Individuals, organizations in Andover, and school classrooms may borrow the slides. They cover the following countries: France, Holland, Switzerland, Germany, Austria, England, Greece, Spain and Italy.

Siegfried

The Library Opera Club will meet on Thursday, Feb. 15, at 8 p.m. It will be held at the home of Mrs. Ashton Smith, 158 Dale St., North Andover instead of at Mrs. Crosby's home, as previously noted. Anyone interested in opera is cordially invited to attend the meetings of the Opera Club. Siegfried by Richard Wagner is the opera for listening and study at this session.

Bogart Movies

Due to lack of interest the Sunday afternoon film series has been cancelled.

Black History Week

This is Black-History Week and Memorial Hall library is paying honor to its black neighbors and friends in different ways. First, the library presented Miriam Putnam, former Director of the library, in a program Tuesday evening at which Miss Putnam spoke on "An Experience in a Black College," describing the five years she has enjoyed working as assistant librarian at Talladega College, Talladega, Ala. Secondly, the library has accepted a film called "A Young Man Named Harvard" a film about a 20 year old black youth who is now attending Harvard Medical School. The youth, Harvard Stephens, born in a rural village in Alabama, youngest of nine children, would never have reached this goal of becoming a doctor if it had not been for the financial help provided him by the United Negro College Fund. The fifteen minute film, narrated by Harvard, about his progress through high school and Talladega College, is available for loan to individuals, schools, and other libraries. As a third method of celebrating Black History Week, the library is featuring a display of books, pamphlets and records by and about blacks. A partial listing of the recordings which are available for loan includes music by Leadbelly, Duke Ellington, Louis Armstrong, Billy Holiday and Joe Williams. If you would like to borrow the film, or take out books, pamphlets, records, or reserve additional films on the subject of black minority life in America, call or come in the library. Black History Week will last all month at Memorial Hall Library.

The Job Opportunities in the Business Sector (JOBS) Program, administered by the Manpower Administration

Activities Numerous At Museum

Visitors at Boston's Museum of Science will be able to:

Experiment with six different ways of producing electricity;
Pedal a bike to convert their own energy into electric energy;
Play an electronic game testing their skill at meeting electricity demands without causing a blackout.

These activities are part of the Museum's comprehensive new exhibit presenting basic information on electric energy and power generating processes.

Graphics, models, photos, and operating devices explain such subjects as the structure of the atom, the difference between nuclear fission and nuclear fusion, and the effect of population growth or weather on electric supply. Other topics covered include the reading of an electric meter, environmental factors relating to electric energy, and anticipated development of future generation systems.

The exhibit contains a model of a nuclear reactor, a 200-pound operating electric meter, and a full size nuclear plant fuel assembly. In addition, there is a direct current generator that was made in the 19th century.

The exhibit is sponsored by six electric power companies of New England. They are: Boston Edison Company; Eastern Utilities Associates; New England Electric System; New England Gas and Electric Association; Northeast Utilities; and Public Service Company of New Hampshire.

At a private preview of the exhibit held recently, Bradford Washburn, Museum director, and Thomas J. Galligan, Jr., president of the Electric Council of New England, addressed representatives of the sponsoring companies and Museum officials in attendance.

The exhibit is the second major one sponsored by industry to be installed in the new West Wing of the Museum. Previously an exhibit on telephone communications was installed under the sponsorship of New England Telephone Company with the cooperation of Bell Telephone Laboratories and Western Electric Company. A major exhibit on the computer, sponsored by Honeywell Information Systems, is scheduled to open later this year.

In 1963, Wyoming passed a "right to work" law, becoming the 19th State to enact legislation which forbids contracts requiring an employee to become or remain a member of a labor union as a condition of employment. Both the agency shop and union shop are banned by this law.

EXAMINING INFORMATION. Ohia Newhouse (left) and Linda St. Jean (right), seniors at Andover High School and Co-chairmen of the Wheelchair Guide for Greater Lawrence, confer with Paula Jean Lutzin of Boston who recently compiled a similar guide, "Wheeling through Boston."

Aiding The Handicapped

"Andover High School students are actively working to serve handicapped people." So reports Mrs. Marion Davis, teacher at Andover High School and advisor to the Youth for Easter Seal Club there.

A guide to public buildings accessible to the disabled in the Greater Lawrence area is being prepared by the Club as part of its varied program to better serve the physically handicapped of the Greater Lawrence community.

Ohia Newhouse, Chairman of the project, and Linda St. Jean, Co-Chairman, seniors at the School, ask the cooperation of all owners and managers when the surveyors visit their buildings during the next two weeks. The

guide will be published in April and will be available from the Easter Seal Society free of charge.

Some of the important factors to be surveyed are parking facilities, entrances (steps or ramps), width of doorways, and the accessibility of rest rooms and telephones. Included in the survey will be government and civic buildings, banks, churches, recreation centers, restaurants, motels, theaters, shopping centers, medical facilities and museums.

More information concerning the wheelchair guide may be obtained from the Easter Seal

Regional Office, 26 Chestnut St., Andover.

La Leche League Meets Tuesday

The La Leche League of Greater Lawrence will meet at 8 p.m. Tuesday, Feb. 20, at the home of group leaders, Mrs. James Hayes, 180 Chestnut St., Andover. The topic will be "The Art of Breastfeeding and Overcoming Difficulties." Mothers, expectant mothers, student nurses and other interested parties are welcome. Refreshments will be served. For questions relating to breastfeeding contact leaders Ann Anderson, June Mekel or Phyllis Hayes.

Lyons, Wragg Open House

The Ballardvale Community Center announces an "Open House" for school candidates John Lyons and John Wragg on Tuesday, Feb. 20 at 7:30 p.m. at the Center.

All citizens are invited to meet with these candidates and get to know their views on education and the problems facing the students and parents in the Andover system.

Refreshments will be served.

Miss Washburn Receives B.A. Degree

Holly Washburn, 5 Nutmeg Lane, Andover, was among the 1,176 students who received their Bachelor's degrees at the close of the fall-winter semester of the University of Wisconsin at Madison, Wis.

The names of students who were granted their bachelor's degrees by UW-Madison following first semester study have been announced just as soon as they were compiled by the University at Madison.

Holly received a Bachelor of Arts degree in radio, television, and film.

DISCUSSING plans to assist in membership for the Museum of Fine Arts, Boston, at a meeting last Wednesday, were left to right, Mrs. Robert Saltonstall, Mrs. John McArdle and Mrs. Samuel S. Rogers.

Aid Museum Membership

In line with the general resurgence of interest in the arts around the globe, residents of this area have become increasingly aware of the abundance of riches to be viewed at the Boston Museum of Fine Arts and the immense opportunities for learning and enjoyment that are available there.

To acquaint women of Greater Lawrence in further detail as to the advantages of Museum membership, Mrs. John J. McArdle, Jr., a member of the Ladies Committee of the Museum, hosted a gathering at her home, 47 Central St., Andover, on Wednesday morning, Feb. 7. Mrs. Samuel S. Rogers, also a member of the Committee, served as cohostess assisted by the following: Mrs. Robert L.V.

French, Mrs. Leon Kutz, Mrs. Adair Miller, Mrs. David L. Morton, Mrs. William A. Munroe, Mrs. Albert S. Rothseid and Mrs. Louis M. Warlick.

Mrs. Robert Saltonstall, an Educational Aide at the Museum and former member of the Ladies Committee, presented a talk illustrated with slides that

featured some of the treasures in the Boston Museum's collection and the privileges of membership.

A further highlight of the morning was the announcement that a day at the Museum with a planned program and luncheon was being arranged for those ladies who elected to join.

Garden Clubs Meet Jointly For Program

The Four Seasons Garden Club and the Village Garden Club will hold a joint meeting tonight at 7:30 at Memorial Hall Library.

Paul Leslie of Leslie Wildflower Gardens, Methuen, will speak to members and their guests about the propagation of plants and bushes, together with a practical demonstration. Refreshments will be served. At the close of the program, members of both clubs are requested to remain for a brief business meeting.

The Massachusetts Horticultural Society's 102nd Annual Spring Flower Show will be held March 17 - 25 at the Commonwealth Armory in Boston. The theme of this year's show is "Return to Paradise." Members may contact Mrs. Philip Baun and Mrs. Theda Leonard, for advance tickets.

Hostesses at this evening's meeting for the Village Garden Club are Mrs. David Milot, Mrs. Franklin Kaplan and Mrs. Earl MacKenzie. Co-hostesses for the Four Seasons Garden Club are Mrs. Henry Theriault, Mrs. Jerold Bischoff and Mrs. Fred Syiek.

Nancy L. Gilday

Miss Gilday Is Award Recipient

The Priscilla Abbot Chapter, Daughters of the American Revolution, are proud to announce that their Good Citizen Girl for 1973 is Miss Nancy Leigh Gilday, daughter of Mr. and Mrs. Paul A. Gilday of Lillian Terrace.

Miss Gilday was on last year's Prom Committee and was a member of the Queen's Court, and was the Homecoming Queen during this Fall's Homecoming Weekend. She is a cheerleader and a member of the Pep Club.

Nancy is the art editor of the Yearbook, reflecting her great love of painting and, especially, drawing. She is also on the Graduation Committee which plans the speakers and program for that day.

Nancy danced in last year's school and expects to do so again this year, as well as working on set designs. Last November she danced in the Brooks School Follies, a take-off of the 1930s. She has been a member of the school government for three years. Outside of school, she is active in the Rainbow Girls.

Nancy plans to attend the University of Maine in the Fall, majoring in fine arts.

In 1943, an executive order by the President created a Committee on Fair Employment Practices, empowering it to "conduct hearings.

Dufton Faculty Coordinator

Charles H. Dufton, Jr., 1000 Main St., Andover, was appointed faculty coordinator of the Market College of Business Administration at North Andover. He was announced as the new coordinator of the college's economics program. He joined the college in 1950, Prof. Dufton is an associate professor and chairman of the Department of Economics.

Prior to joining the college, Dufton was an instructor at Harvard University and was the Bureau of Economic Analysis in Baltimore. He was a sales supervisor at International Paper Co.

Prof. Dufton is a member of the American Association of University Professors, the Marketing Association of Boston, the Executive, Trade Association, England, the Education Business, the Study of Total Quality Management, The American University, Andover Consortium, and the Cooperatives. The father of three children, Prof. Dufton is a former Phyllis.

Diabetes Educational Group

Mrs. Robert Saltonstall, president, points out that the meeting of the Diabetes Educational Group will be held at 7 p.m., at the Andover School. During the year, the group will meet at the Western North Andover School of February. The meeting will be held at the Andover School, which is located on Route 133. Signs will be placed at the driveway entrance. The group is headed by Mrs. Saltonstall, Andover, has a discussion, will lead the program, meeting on the interested welcome. She will announce the meeting and the group will be announced on Saturday. On Saturday, the group will be co-chaired by Mrs. Saltonstall and Mrs. Robert Saltonstall.

Dufton Faculty Coordinator

Charles H. Dufton, 35 Canterbury St., Andover, has been appointed faculty coordinator of the Marketing Group of the College of Business Administration at Northeastern University, President Asa S. Knowles announced today.

Prof. Dufton received his bachelor of arts degree with honors in economics from Yale University in 1934. He received his master of arts degree in economics from the University of Michigan in 1936.

He joined the faculty at Northeastern in 1946 as an assistant professor of marketing. In 1950, Prof. Dufton was named associate professor and chairman of the Marketing Department.

Prior to coming to Northeastern, Prof. Dufton was a teaching fellow at the University of Michigan for two years. He was an instructor in economics at Harvard University for two years and was an economist at the Bureau of Budget in Washington, D.C. for three years. He was also a sales and market analyst at Bendix Radio in Baltimore for three years and a sales supervisor at Bendix International in New York for one year.

Prof. Dufton is a member of the American Marketing Association, the Advertising Club of Boston, the Boston Sales and Marketing Executives, the Merrimack Valley Sales Executives, the International Trade Association of New England, the Association for Education in International Business, the Association for Study of Totalitarian Economics, The American Association of University Professors, the Andover Consumers Cooperative, and the New England Cooperatives.

The father of one daughter, Prof. Dufton is married to the former Phyllis Clark.

Diabetes Education Group Meets

Mrs. Robert Pelrine, president, points out that the next meeting of the Merrimack Valley Diabetes Education Program will be held on February 27, 7:30 p.m., at the Andover High School. During the first half of the year, the meetings were held at the Western Electric Company in North Andover. The meetings of February through June will all be held at Andover High School, which is located on Shawsheen Road. Signs will be posted at the driveway into the high school.

The Program Committee, headed by Mrs. Robert French of Andover, has planned a General Discussion, with a mixed panel to lead the program, for the meeting on Feb. 27. Everyone interested in Diabetes is welcome. Should the weather demand cancellation, it will be announced over radio.

On Saturday, March 3, the Development Committee, under co-chairmanship of Mrs. John Licciardi of North Andover, and Mrs. Robert Kohler of Salem,

N.H., will hold a bake sale to help defray the expenses involved with operating the Diabetes Education Program. Anyone who wishes to contribute to the bake sale, call either of the two chairwomen or Mrs. Pelrine.

Parents Group To Discuss Drug Problem

A parents' group is open to new members among parents who can foresee their children experimenting with drugs, or who have children abusing drugs, and desire to meet with other parents to share ideas and possible solutions.

Meetings will be held 7 p.m. to 9:30 p.m. every Tuesday at the Andover Storefront, Shawsheen Plaza, North Main Street. Wilfred Harvey and Robert Maker of the Greater Lawrence Community Drug Council, Inc. will chair the discussions.

Jazz Band In Concert

The New Black Eagle Jazz Band will play at West Junior

High Auditorium on Friday, Feb. 16, at 8 p.m.

This group of men from various professions has made a name for itself as a melodious traditional jazz band that plays

"beautiful blues," in the old New Orleans style. Everyone interested in hearing traditional New Orleans jazz by a group of Boston based traditionalists and music lovers, is invited to attend.

Tickets will be sold at the door.

The concert is arranged by the Community Resources coordinator, Claus Dengler.

Fellowship Bible Chapel
Rev. Joseph Stringer
SUNDAY: 10:30 a.m. Worship Service.

Special Music At Chapel

The music for both the Roman Catholic Mass and the Protestant Service in the Chapel of Phillips Academy on Feb. 25 will be taken from the sacred writings of Mozart.

There are many little known but splendid works written by Mozart when he was employed by Archbishop Calleredo of Salzburg. The Prelude and Postlude will consist of the "Epistle Sonatas" in C and F for keyboard and string quartet. Two other works from that period will comprise the Anthem and the Offertory. They are the well known "Alleluia" from the motet "Exultate Jubilate" transcribed for flute, keyboard and string quartet and an "Offertorium" for baritone voices, keyboard and string quartet.

Both worship services will be held in the Sylvia Pratt Kemper Memorial Chapel which is on the ground level of The Cochran Chapel. The entrance to Kemper Chapel is reached by taking the path at the Main Street side of the Chapel building. The Roman Catholic Mass is at 10 o'clock and the Protestant Service is at 11 o'clock.

Rev. Hunter Guest At St. Paul's

Reverend George Irvin Hunter will be the guest preacher at St. Paul's Episcopal Church on Sunday, Feb. 18. Rev. Mr. Hunter is the Director of Field Education at the Episcopal Theological School in Cambridge. He will preach on the education of Clergy.

After the service there will be a pancake breakfast from 11:15 to 12:30. The breakfast will be served by members of the Couples Club. Tickets are available.

The Young People's Fellowship will meet on Sunday evening at 7:30. Rev. Mr. Jones will speak at the Women's Club meeting on Monday evening at 7:30. On Tuesday evening there will be a vestry meeting at 8:00 and on Thursday afternoon, at 2:00, the Women's Auxiliary will meet.

Measles Advisory

The Andover Board of Health, along with the Boards of Health in other communities, has received an advisory from the state Department of Health relative to the effectiveness of live measles vaccine.

Briefly, the state department recommends that attenuated live measles vaccine should not be given earlier than 12 months of age because of the persistence of interfering maternal antibody. During 1963-1966 it was recommended that this vaccine be given as early as nine months of age, with an accompanying dose of immune serum globulin.

It has since been found that this procedure is not totally effective and could result in ineffective levels of immunity to measles.

Since many cases of measles are now occurring in this group, it is recommended that any child who received measles vaccine under one year of age be revaccinated against measles, unless he or she has already had the disease.

Parents who have any question on this matter are advised to contact the Board of Health or consult their family physician.

Park-Hegarty Volkswagen

248 Haverhill St., Meth. 685-3571

Open House at Park-Hegarty

It's Open House time again, all next week, at the Washington's Birthday celebration at Park-Hegarty Volkswagen, 248 Haverhill Street, Methuen. Stop by any time during the week and any of the salesmen above will be happy to show you all the VW models and answer your questions.

Be sure to see Volkswagen's Cadillacs! These big, new-for-'73 good-looking Volkswagens are the VW 412 Four Door Sedan; the 412 Two Door Sedan and the 412 Wagon. They all come with steel-belted radial tires. And, like Cadillac, they have front disc brakes and an electric rear window defogger as standard

equipment, plus features you can't even get as options with a Cadillac: electronic fuel injection; a timed preheating system; and a 24 months/24,000 miles warranty (that's twice as long as Cadillac's).

Drive out to Park Hegarty Volkswagen next week for a free demonstration on any model VW. There's the VW sedan, commonly known as the Beetle, also the Super Beetle; the sporty VW Karmann Ghia coupe or convertible; the VW Fastback; the VW Squareback; the VW station wagon (bus); and of course the all new 4 door sedan. Now, all cars, except the bus, have the automatic option.

Park-Hegarty Volkswagen is the largest standard Volkswagen Dealership in New England. It is located in a handsome modern building featuring a beautiful showroom, reception and general office facilities, a service area, a complete parts department and an ultra-modern body shop. Their service and parts department is now open Saturdays to serve you better (8-4).

Don't let George do it! Come yourself and bring the family - all next week, Washington's Birthday Open House at Park-Hegarty Volkswagen, junction routes 93 & 110, Methuen.

TOWN OF ANDOVER

BOARD OF HEALTH TOWN OF ANDOVER AMENDMENTS TO CHAPTER IV

CESSPOOLS, SEPTIC TANKS, PRIVY-VAULTS AND PUBLIC SEWERS

The following amendments to Chapter IV - Cesspools, Septic Tanks, Privy-vaults and Public Sewers were adopted at a meeting of the Board of Health held on February 3, 1973 upon a motion duly made and seconded:

Section 5. Second sentence changed to read: "The Board of Health shall further require that soil suitability be determined by percolation tests and/or soil analyses."

Add - "Soil with a percolation rate in excess of 20 minutes per inch is considered impervious and therefore unsuitable for a sub surface sewage disposal system."

Section 7. Fifth sentence changed to read: "All septic tanks hereafter constructed or installed shall have an effective capacity of at least 1500 gallons and shall be constructed of approved material."

Appointed

Mrs. Theresa Manzi Amore, region II, South Sector Chairman for the Northeast Chapter, Massachusetts Heart Association's 1973 Heart Fund Campaign, today announced the appointment of John Burke, Loss Prevention Consultant, Liberty Mutual Insurance Company, as the General Chairman of the 1973 Andover Heart Fund Campaign. Mr. Burke makes his home on Haverhill St., Andover, with his wife, Anne, and their four children: Joanne, 13, Michael, nine, Julie, eight, and Patrick, four.

Mr. Burke's deep involvement with the Heart Association began with his son, Michael, whose congenital heart defect was corrected by successful open heart surgery and who now lives the life of a normal healthy nine year old boy. Michael was the Prince of Hearts for the Northeast Chapter's 1972 Heart Fund Campaign.

A native of the Greater Lawrence area, Mr. Burke graduated from Central Catholic High School, Lawrence, and received his Bachelor of Arts Degree at Norwich University. A Major in the U.S. Army Reserves, he is a member of the Reserve Officers Association. Professionally he is President of the Insurance Fleet Safety Associates, and a member of the Knights of Columbus.

In accepting his appointment,

Mr. Burke said, "It is with great pride that I accept the appointment as the 1973 Andover Heart Fund Chairman as I have come to know and appreciate the many dedicated people who give of themselves to support the Heart Association, which had made open heart surgery possible. The emphasis on research and education has made a useful life possible for my son, and I am pleased to have the opportunity to support this most vital association. I know the residents of Andover will join me in achieving a banner year for the Heart Fund."

The Heart Fund Campaign supports the many research, public and professional education and community service programs of the Northeast Chapter, Massachusetts Heart Association in its continued battle against diseases of the heart and circulatory system.

Last year the Northeast Chapter allocated over \$105,000 for the support of valuable Heart Research. Heart Fund dollars were also utilized to support the Chapter's programs which include: four post graduate symposiums for physicians, to bring

the latest research results to the local level; the first full semester coronary care course for registered nurses working in local hospital coronary care units, to provide optional care for the cardiac patient; nursing symposiums for the registered nurse in the areas of cardiac rehabilitation, pacemaker therapy, stroke and cardiopulmonary resuscitation; and intensive ongoing training programs for fire, police and rescue squad personnel in cardiopulmonary resuscitation, heart-lung resuscitation; nutrition education for area nutritionists and teachers; school health education programs including training in cardiopulmonary resuscitation; and public health education alerting the public to the risk factors in Heart Disease.

Your participation in the Heart Fund Campaign will support these vital programs. Give so more will live.

At the end of July, 1972, 1,255,022 persons were enrolled in manpower work and training programs administered by the U.S. Department of Labor.

COLLEGE HISTORY. Dr. Edward G. Roddy, Jr. (R.), senior professor of Merrimack College's History Department presents Merrimack College President, Rev. John R. Aherne, O.S.A. (L.) with a leather-bound copy of Dr. Roddy's book "Merrimack College: Genesis and Growth 1947-1972" for the College's archives. A chronicle detailing the growth of Merrimack College's first quarter century, the book is the product of more than thirteen months of research and writing by Dr. Roddy who was personally commissioned by Fr. Aherne to write the history in conjunction with Merrimack College's ongoing celebration of its Silver Anniversary. A member of the Merrimack College faculty since 1960, Dr. Roddy resides in Andover.

Kyoto, Japan? - No, Concord, Massachusetts

This is a Deck House. Although it is a thoroughly American, contemporary house, it reminds one of the best examples of Japanese residential architecture. In its design and construction it reflects the traditional Japanese concern for orderly function, simplicity and restraint in design, the flexible control of interior and exterior space, the relationship of the house to its natural setting - and most importantly, the typical Japanese attitude to the house as a dwelling place for both the spirit and the body of man.

If you are looking for a house to provide for your whole being with a decent measure of tranquility, telephone (617) 259-9450 to arrange an appointment to visit a Deck House Model Home. On weekends telephone (617) 369-7000. Or send \$2.00 for a fully informative brochure.

School Board, FinCom Scrutinize Budget

As the meeting began, the school committee brought in their \$12,192,696 final budget, which Administrator Weil called a responsible stabilized budget, at a shade under a 6% increase. Instead of complimenting them, the FinCom declared themselves in shock, since the figure was \$3,000 higher than the estimate they had seen in December, and assumed the schoolmen would be cutting from.

Polite recrimination filled the air. FinCom member Mrs. Virginia Cole, who used to defend the school budget from the other end of the table, scolded them. "We thought you were going to cut the budget. You increased it instead," Byrne claimed to have been led down the primrose path by a school committee that did not follow its own guidelines of no new programs or personnel, and staying under 6%. To him that means 6% last year's expenditures. School committeeman Dr. Frank Griggs agreed; this had been the line he had taken at Sunday's school committee budget meeting. The crux of the discrepancy was a \$300,000 salary projection discrepancy.

The impasse was broken when Personnel Manager Vaughn I. Clapp huddled with FinCom Freshman John Doherty, to convince him that the school's salary projection was not based on an estimate, but by adding up individual teachers' salaries for the 18-month year. Clapp had projected each teacher's salary through the 18 month period, taking into account the step increases and the track changes earned by advanced degrees when these applied, before adding an estimated negotiation factor.

"There's not an ounce of fat in this salary figure," Clapp declared. Doherty had to agree that "his methodology is a reasonable approach"; he said he had found only one minor discrepancy.

Doherty's subcommittee on the instructional program and general expense budget, and the FinCom at large still have questions to ask about the expense budget. Business manager Weil's stance is: "The figures we have come up with represent school for the next 18 months only at the level of the last 12. If you cut, OK, but from the financial point of view, any cut means a cut into the services."

The school committee and Finance Committee started their joint meeting poles apart on the over \$12 million school budget, with the Finance Committee unhappy that the schoolmen had figured their 6 percent increase from last year's appropriations, instead of from actual expenditures.

But the shock wore off, as FinCom Head Frank Byrne ad-

mitted after the meeting. Byrne's school salary projection turned out to have been figured from last year's actual salaries, instead of this year's, and thus in error. The two boards buried the hatchet for the time, agreeing to the positive attempt to defer some school budget payments to the following fiscal year. They plan to encumber deferrable items after July 1, 1974, if this proves legal.

No final action was taken on the school budget total of \$12,192,696. More information must be exchanged before Saturday, when the Finance Committee will meet to vote on the Doherty - Shawshen renovation article, and the school budget, possibly reserving judgment on some school budget items over the weekend.

Byrne directed Weil, representing the school administration, to ferret out all possible deferrals from the last two months of the 18 month budget, urging that "where there's a will, there's a way." A fly possible in the ointment of deferral is the fact that many teachers take the option of receiving all their summer salary in June, which may decrease salary amounts eligible for deferral.

The Finance Committee will meanwhile reach consensus on items under question in the instructional and general expense budget, and doubtless haggle for more cuts.

For example, several FinCom members are known to be favorably disposed toward the data processing equipment which the school has requested, at \$25,000, with the intent of sharing with the town accountant. Business Manager Ed Weil says the data processing equipment is necessary for account control of the large school budget, and would eliminate the practise of holding off on approved spending, then a "December Gold Rush" of buying at the last minute. But FinCom member Dr. Alfred Greenberg wants to defer this to the beginning of the following fiscal year. Greenberg said that if a town committee studies the needs of school and town, and the capabilities of various firms'

equipment, a 1974 spring town meeting could then pass an appropriation for the precise equipment needed, to be encumbered in July, and be on line not much later than if it were appropriated in this 18-month year.

Off The Top
